CIVIC GROUPS PLAN TO ASSIST EMERGENCY HOSPITAL

A plan of finding 100 organizations, business houses and individuals to subscribe $1.00 each per month to finance one room in the Emergency Hospital was the outcome of a Tuesday afternoon meeting of Chamber of Commerce members in session jointly with church, fraternal, civic and charity organizations in the New Armory Hall.

The meeting brought to light the fact that Sikeston believes wholeheartedly in the Emergency Hospital and Drs. Kendig and Presnell, who are directly responsible for the institution and for its maintainance to date in the face of a constant deficit.

C. L. Blanton, editor of The Standard, read to the assembly a report compiled from the books of the Hospital showing that a total of 428 patients had received treatment. Those who paid their account in full, number 246; those who have paid in part number 103, and those who have paid nothing number 79. The amount of money due the hospital and staff for hospital treatment and for treatment other than requiring confinement in the institution totals $15,147.04.

A detailed statement of accounts during the months of July, August and September was read, and the same are reproduced herewith:

Total amount collected during August, 1930, $255.25. Paid out during the month; July accounts:

Insurance	$ 35.46
Nurses (Story, Patterson. White and Wallace)	131.95
Groceries	61.35
Laundry	24.66
Missouri Utilities	34.94
Drugs and Supplies	36.36
Rent	60.00
Semo. Telephone Co.	4.95
Milk	16.00
Total	$405.00

Deficit $150.42.

August acounts paid in September:

Total amount collected during the month of September, 1930, $695.

Amount paid out during September, 1930:

Nurses	$180.00
Milk	23.50
Groceries	68.82
Laundry	34.20
Mo. Utilities	32.46
Rent	60.00
Drugs and Supplies	11.74
Telephone	5.35
Note at bank	305.33
Total	$721.34

September Accounts paid in October:

Deficit $26.34.

Total amount collected from October 16, 1930, $90.40.

Amount paid out from October 1-16, 1930:

Nurses	$162.25
Groceries	65.53
Milk	16.00
Laundry	48.71
Mo. Utilities	37.86
Rent	60.00
Drugs and Supplies	57.11
Freight	2.32
Total	$449.78

Deficit $359.38

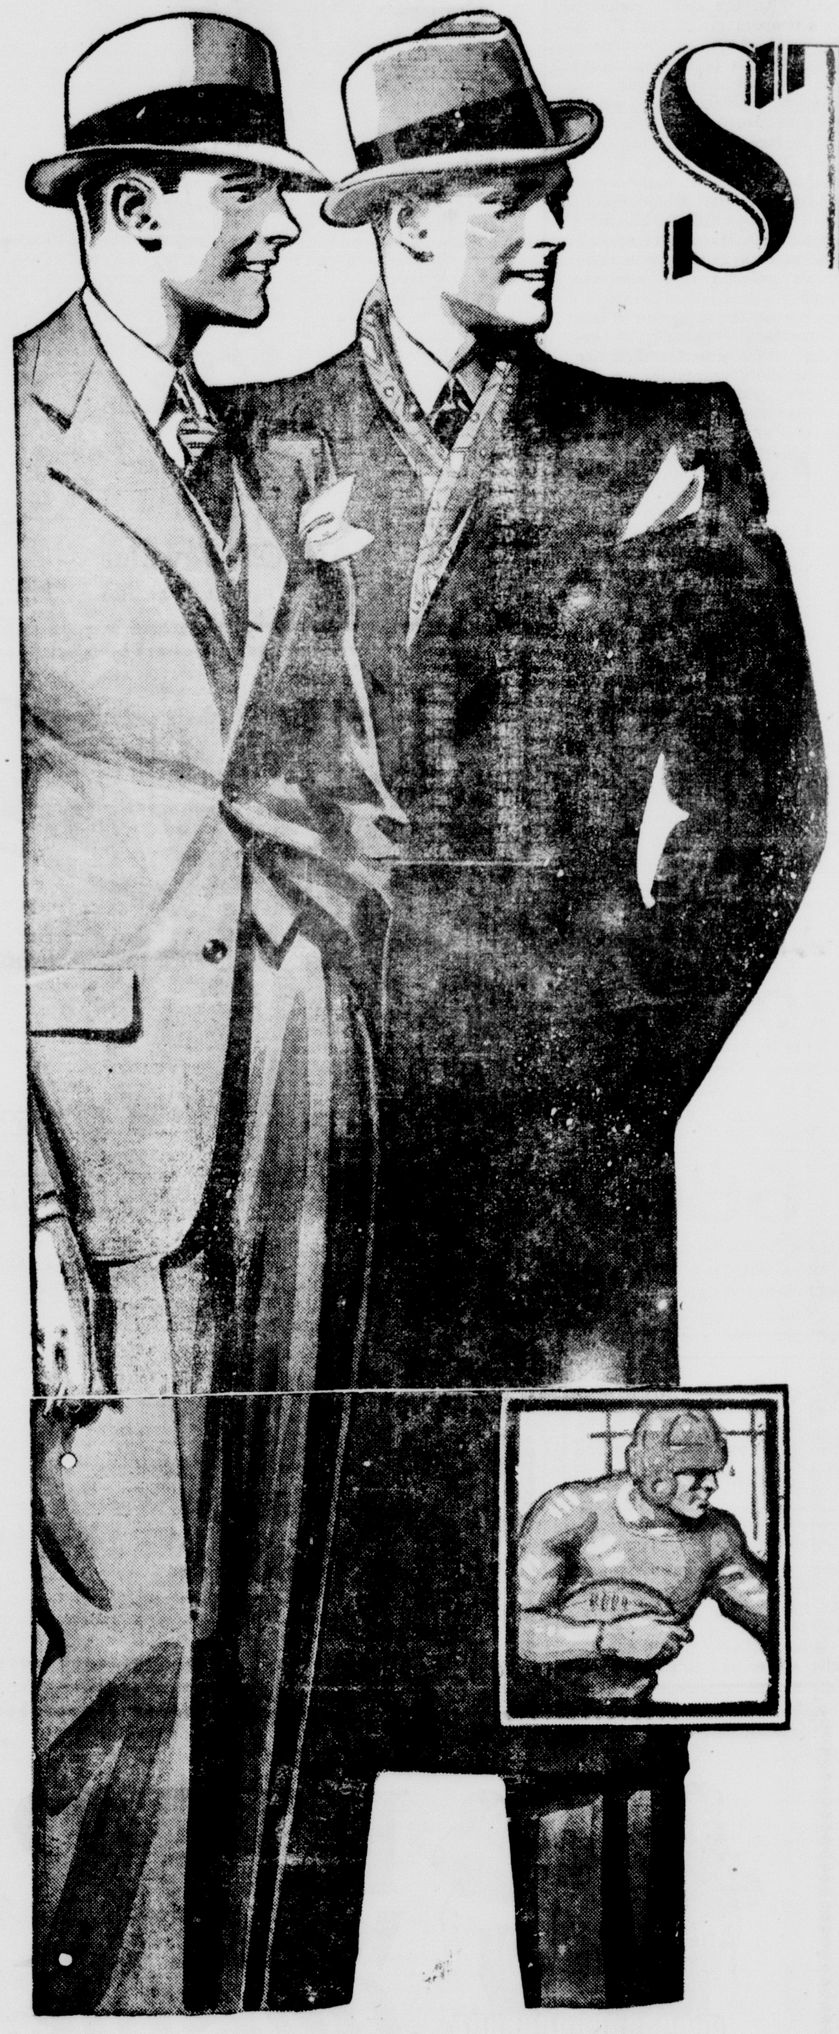

Total deficit for three months $536.14.

As will be noticed, the number of patients who have paid nothing and the amount of uncollected accounts do not seem to correspond very well. This can be explained by the fact that the majority of accounts which have been paid in full have been the smaller accounts, while the larger accounts have gone entirely unpaid or had only a small amount paid on them.

Included in the group of thirty-five men and women were representatives of nearly all churches, civic and fraternal organizations. The Woman's Club representatives were Mrs. C. A. Cook, Mrs. Arch Russell and Mrs. Raymond Burns. W. C. T U, Mrs. E. J. Malone, Sr. and Mrs. J. H. Kready. American Legion Auxiliary, Mrs. Lyle Malone, Mrs. Paul Galloway and Mrs. Oscar Carroll. Woman's Benefit Association Miss Rebecca Pierce and Mrs. Bertie Fox. American Legion, Tanner C. Dye and John Martin; Lions Club, C. E. Brenton; Methodist Church, C. C. White; Presbyterian Church, D L. McElroy; Christian Church, Mrs. Tom Baker; Baptist Church, John J

BOYS CAUGHT SOON AFTER TAKING CAPE GIRARDEAU CAR

A mad chase starting at Miner Switch and terminating in New Madrid closed an incident in the lives of three youths, two from St. Louis and one from St. Marys, Tuesday afternoon. The boys, James Elderman and Harry McKay, of St. Louis and Meyers Biley of St. Marys were reported to have stolen an automobile in Cape Girardeau about one o'clock Tuesday afternoon. The Ford roadster had been stolen from Albert Cottle, South Ellis Street, formerly a star on the Cape Girardeau grid team.

Gord Dill, deputy constable, received the call in Sikeston from Tom Hodgkiss at Benton, and with Gid Daniels started immediately for Miner to stop the runaways. The thieves eluded Dill and speeded by going west "wide open", according to the Sikeston officers who gave chase.

It was a mad, foolhardy chase to New Madrid, according to officer Dill, who stated that the race was almost on even terms. The lads had and maintained a distance of about 100 yards during the 21-mile race with both motors wide open. Dill claims that his car registered as high as 70 miles per hour and did not drop below 50.

The boys turned in the old road at New Madrid, preparing, it is supposed, to abandon the stolen roadster and hiking on South. They were crowded into a ditch, arrested, however, and returned to Sikeston where they were met later Tuesday evening by Jesse Crafton, Chief of Police of Cape Girardeau and Patrolman Paul McNeely.

When captured, the Ford had gasoline enough to run approximately ten miles more, according to the officers.

McKay and Elderman, who gave their ages as 21 years, swore that Biley was not a member of their crowd. He merely joined them, they told officers, as they were leaving Cape Girardeau. Biley is 17 years old. He appeared frightened after the chase, and was taken home by Mr. Dill. He appeared more at ease after a hot supper and a bit of fatherly advice. Biley was returned with the other prisoners Tuesday evening to Cape Girardeau, where they face State charges of stealing an automobile.

Local officers were told that a reward of $50 was offered for arrest of the thieves by the Automobile Club of Missouri. The Ford is being held here pending settlement of fees and claims.

FORMER SIKESTONIAN WINS $5000 AWARD

Mrs. Minnie Yount, 5641 Clemens Avenue, St. Louis, daughter of Mrs John E. Marshall, of this city, and a frequent visitor to Sikeston, was awarded $5000 damages against the Kroger Grocery and Baking Company in Federal Court last week.

According to information in the case, a cashier in a St. Louis Kroger Store accused Mrs. Young of attempting to leave the store without paying for a twelve-cent package of crackers which she had, in fact, purchased elsewhere.

JURY INDICTS BLUFF POLICE OFFICIALS

Poplar Bluff, October 22.—A special grand jury called this week returned an indictement against Roscoe Walker, chief of police and Patrolman Charles Rose, charging the acceptance of bribes from bootleggers for protection in liquor traffic The officers were arrested ten days ago by Sheriff Ray McCown.

Sooner or later Death will visit all of us. It is a sad visit, and few are ready and prepared to go. As years roll on old couples who have lived together for a quarter of a century or more, can expect the Silent Visitor at any hour. It is seldom ever that both pass on together. The one left behind is the one to sympathize with as they will forever live over the life from the beginning to the end. The courtship, marriage, the first born, the care through sickness of the children, the terrible lonesomeness that comes with an empty home when the children are all grown and have gone forth to carve out their own destiny, and at last the sweetheart of youth is taken. This is the problem that will soon come to som of us, and the sooner we set our house in order, the better. Wha sort of life have you lived, and how are you living?

We haven't heard any of our Republican Scott County speilers rip the County Court or Attorney R. E Bailey for assisting M. E. Montgomery and Ray B. Lucas in the suit against the bondsmen of the Benton bank where the school money was on deposit. Mr. Bailey received a percentage of the money due the Sikeston School District, which amounted to about $750. We are not criticising Mr. Bailey, Sr., for we consider it money well spent, but why do the Republican local speakers jump on the Democratic County Court, the Democratic Prosecuting Attornye and the Democratic Ray B. Lucas and say nothing about the bacon the Republican politicians brought home.

A bird in the cage is worth two in the bush. At times a fellow finds many amusing incidents along with work. Ira Shuffitt recently moved a family which hda a bird in a cage As the truck backed up to the new house, the bottom dropped from the cage and the canary took to the trees. After the goods were placed in the house, Ira was asked what his bill for moving amounted to, and when he said $3.00, the lady of the house told him that was just the price of the canary that he let get away. It was a case of grin and motor on.

Down in Mississippi a man has been freed of killing a doctor whom he accused of "breaking up his family". We have often wondered if these families that have been "broken up" ever get the pieces mended and go on living as before the break Suppose these families that have been "cracked" don't count, just those that are "broken up".

Secretary of Agriculture Hyde states that the late tariff has helped each farmer $102, 'a distinct gain for agriculture", he says. Have any of the Southeast Missouri farmers of any political faith, awoke these mornings and found that much money in their sock, or that much wheat or corn in the bin? Another dream gone to hell.

By GRACE VIALL GRAY, Secretary, National Canning Contest, Shenandoah, Iowa.

(No. 2)

Grace Viall Gray.

After selecting, grading, cleansing and preparing food products for canning, the next step is pre-heating or pre-cooking. This means partially cooking the product before putting in the jar.

All non-acid vegetables should be pre-cooked. The non-acid vegetables are corn, beans, greens, okra, peas and asparagus. The object of pre-cooking these vegetables is to remove the air and to shrink them so that more food can be packed in the jars. Canning pre-cooked foods is much more satisfactory than canning raw foods. There is less spoilage where pre-cooking has preceded the actual canning process.

While non-acid vegetables are pre-cooked, it is only necessary to pre-heat fruits. Some fruits may be packed directly into jars, covered with boiling syrup and processed, but they shrink and the jars are not entirely filled as they are when the fruit is heated through first and packed hot.

Tomatoes are an acid vegetable and are very easily canned. If tomatoes are to be canned whole, they are simply scalded, which is really pre-heating, until the skins slip off easily and then are quickly dipped in cold water. Peaches are treated in the same manner, scalded and cold-dipped, after which the skins can be easily removed.

It is advisable to can all non-acid vegetables under steam pressure because they require a higher temperature than that of boiling water for complete sterilization.

The U. S. Department of Agriculture advocates this method of canning as the only safe, reliable me[illegible]

[illegible] why the steam pressu[illegible] necessary for string bea[illegible]n and other non-acid vegetables is this: The bacteria or non-acid vegetable is very resistant to heat. With the steam pressure canner a temperature of 240° F. can be obtained quickly at 10 pounds pressure. At this high temperature bacteria can not survive long, and the canned vegetables are easily processed to insure against spoilage without overcooking at the same time. In 30 to 60 minutes can be accomplished at 240° F. in the steam pressure canner what would take 6 hours of boiling at 212° F. The pressure cooker is a time saver as well as a food saver so far as the processing of all non-acid vegetables are concerned.

Tomatoes are the exception to this rule of vegetable canning. The bacteria that cause greatest difficulty in canning most vegetables do not thrive in the acid tomato. Also it is so juicy that heat penetrates quickly to the center of a can of tomatoes.

Many questions are asked about oven canning. The United States department of agriculture does not recommend oven canning for peas, corn, or other non-acid vegetables or for meats. Tests show that though the oven may be 400° F. or higher, the temperature of the food in the cans is little if any higher than boiling. Over and over again it has been proven that the boiling temperature is not sufficient to kill bacteria in certain canned foods unless it is maintained so long that the food itself is made unpalatable.

IS YOUR ENTRY IN?

Prizes totaling $4,250 in cash, loving cups and ribbons, including a grand sweepstakes award of $600 in cash, are being offered to winners in the National Canning Contest, to be held at Shenandoah, Iowa, October 1. CIVIC GROUPS PLAN TO ASSIST EMERGENCY HOSPITAL

(Cont'd. from page 1)

Reiss. Dr. U. P. Haw, Scott County Health Physician of Benton, and representaitve Sikeston business men were also present.

Dr. Haw complimented Sikeston and this community highly upon this institution and urged that every measure be taken to insure its continued service. The Scott County Court, he remarked, had set aside no specific amount for such an institution, but in cases of necessity that body had contributed, and would continue in the future. Several cases involving wounded or injured prisoners of the county are on record as having been treated at the expense of the County.

Mr. Brenton, as Chairman of the County Red Cross Unit, spoke at length complimenting the city for having this splendid unit and pointing out the necessity of the Hospital in connection with Red Cross relief work.

The W. B. A. "Penny Mile" fund, according to Miss Rebecca Pierce district manager of that organization, stated that the mile of pennies was about half completed. The Hospital Fund now amounts to $241.09. This 100-per cent woman's organization last spring and summer sponsored a drive with a total amount of $500—in other words, a miles of pennies—as its ultimate goal. Most of the money is to be given to the Hospital. One Ward still remains to be covered in the drive, according to Miss Pierce, who voiced the hope that the project would meet with success.

Lyle Malone, as chairman of the meeting and President of the Sikeston Chamber of Commerce, outlined his plan of relief, and one which met with instant approval. The plan has already been mentioned. It consists briefly of pledging 100 individuals and organizations to contribute $1 each per month for the upkeep of a ward or bed in the hospital.

A permanent hospital committee with C. C. White, chairman, was elected. Mr. White will be assisted by C. E. Brenton, Benny Topper, Miss Rebecca Pierce and John Powell

Even though no positive move has been made to secure the 100 pledges, voluntary donations have already been registered by members of the committee.

One of the great sacrifices parents of a large family of children make is the choice of fried chicken that is left them on the dish when all others are helped. First goes all the white meat, followed by the legs and the thighs, then the dish is passed to Mother who takes the back and the gizzard, while Dad gets the platter and selects a wing and the liver!

PHIL BAXTER AND HIS ORIGINAL TEXAS TOMMIES BOOKED FOR HALLOWE'EN DANCE

Phil Baxter and his Original Texas Tommies will stage a homecoming in Sikeston on the night of October 31, under the auspices of the local Post of the American Legion.

Arrangements to have this favorite baton wielder and his playboys in Sikeston next week were completed by telephone Thursday afternoon Baxter and his band will complete a contract this week and the one-night stopover in his "home town" was made possible since the musical outfit must come near Sikeston on its way to a new engagement for the winter.

Legionnaires will hold a special meeting soon to plan decorations for the hall, and to send invitations to a select list of their friends. Baxter's music has always met with favor in this city and his appearance here will probably attract dancers from al surrounding towns.

EIGHT-YEAR-OLD CHILD HURT BY STEPPING I N FRONT OF SPEEDING AUTO

Little Lorene Beck, 8-year-old daughter of Mr. and Mrs. Spurling Beck, living south of Sikeston, was seriously hurt Tuesday morning, as she stepped out of Mr. Lewis' car in which she had ridden to the Fairview school, directly in front of a speeding auto coming north on Highway 61. A small boy in the same crowd barely escaped getting hit, when he dodged across the highway.

Lorene was brought to the Emergency Hospital, where her injuries were treated. Her right leg was broken just above the ankle. Doctors have hope that the broken member which was nearly severed, will knit and heal without causing a permanent limp.

Mrs. Walter Nelson, living in the Big Opening neighborhood, an aunt of the Beck girl suffered injuries to her face, when the family car struck a bridge railing and turned over pinning her head underneath. The accident happened about 11:30 o'clock Saturday morning. Mrs Nelson was allowed to home Wednesday afternoon.

HAL AND LYNN GALEENER RECOVERING FROM INJURIES

Sikeston friends and relatives were notified this week that Hal and his son, Lynn Galeener, formerly of this city, but now of Houston, Texas, are recovering from burns sustained about ten days ago, when a gas water heating aparatus exploded Lynn, the message stated, suffered a burned hand and would be unable to play football for several weeks. Mr Galeener sustained several burned fingers.

John Galeener is said to be critically ill at the home in Houston.

Lloyd Rayburn of Cape Girardeau is visiting Mr. and Mrs. Walter Rayburn.

Mr. and Mrs. Charles Strong and little son, Bennett, of Macon, Mo. have been visiting since Tuesday at the G. J. Phillips home. The visitors will return home Friday.

MRS. RAY OLIVER HURT IN AUTO WRECK WEDNESDAY

Mrs. Ray Oliver, formerly of thi city, suffered a sprained ankle Wednesday, shortly after noon, when he car turned over near Buckeye, eas of Sikeston, as she tried to turn sharply from the graveled portion of the highway to the concrete slab With her were her two small sons three and six years old, and Mrs Mary Simpson. The latter suffered concusions of the chest.

Mrs. Oliver was driving the car which belonged to her brother from Detroit, Mich., to Dexter. Her brother, Mr. Blankenship came Wednesday and returned to Dexter with the Oliver boys. Mrs. Oliver left th hospital here the same afternoon in company with Dr. Davis of Bloomfield, who came here after his sister, Mrs. Simpson.

MRS. L. C. LEAR ADJUDGED INSANI

Mrs. L. C. Lear was removed to Farmington, Mo., Tuesday night and confined in the State institution for mental defectives. She had been acting strangely several days, and Tuesday became violent. Her sister, Mrs. Jene Littlejohn, of Higginsville Mo., arrived Tuesday afternoon to accompany Mrs. Lear to the Stat hospital.

Mrs. Will Smith spent the week in New Madrid visiting her daughters Mrs. Charles Berthe.

BULLDOGS AND MULES WILL MEET FRIDAY

The Sikeston Bulldogs meet the Poplar Bluff Mules on the home gridiron Friday afternoon, and according to dope from headquarters, the Sikeston warriors intend to do the snapping and biting instead of being kicked all over the lot.

The Mules, under the guidance of Coach Peters, have lost two and won onegame, being equal on that score with Cunningham's crew. The locals chalked up a win against Caruthersville in the season opener, and since then have lost to Charleston by three points and to Chaffee by a lone touchdown.

RUNAWAY GIRLS FOUND IN ARK

A rosy childish dream of seeing the world, faded for two youngsters Roberta 'Bobbie" Aldrich, 9 years old, and Doloris Earl, 15, who ran away from home and mother Wednesday afternoon in preference to living a prosaic life as students in the Sikeston grade school.

According to a telephone message received Thursday afternoon, the runaways were found at the home of a sister of Mrs. Bob Aldrich, in Paragould, Ark. Mr. and Mrs. Bob Aldrich, 530 Harris Avenue, of this city, started immediately for the Arkansas city to bring the "world travelers" home.

The plan of the youngsters was not without reason. It had been planned for last week, but for some reason was postponed until Wednesday evening.

For several days Doloris and Roberta had informed their parents that their teachers were "keeping them in 'till 6 o'clock". When they failed to come home at that hour Wednesday, the parents became alarmed, and police within a radius of 200 miles from Sikeston were notified. A note handed to Geneva Aldrich, 8 years old, shortly before 1:00 o'clock Wednesday gave the only clue as to the intentions of the wanderers It was addressed to Mrs. Aldrich and read: "Am tired of home. Am leaving. Goodbye Mother, forever" Geneva forgot about the note and did not show it to her parents until the hue and cry was raised that evening.

Another complication entered the case, when Earl Aldrich, older brother of the missing girl and a sailor assigned to the good ship Arkansas reported $25 missing from his effects. Earl is at home on furlough with his foster parents, Dr. and Mrs Waters and had spoken frequently of West Virginia and of far away places. School chums recalled hearing the girls speak of running away to the East coast.

It was next reported that girls answering the description of the missing children were seen in a Morehouse speakeasy Wednesday night in company with two men. The report could not be verified.

Jim Keith left Thursday for Indiana to visit relatives.

BEN WELTER'S BREAD
IS ALWAYS GOOD

WHY—Because it is made with the Best Flour—and by Bakers that know how to bake! Ask your Grocer for a loaf of Krispy Krust, Tastee, Rye or Sandwich Bread. ALWAYS FRESH-BAKED EVERY DAY.

Some Facts Worth Considering:

Do you know that the baker can't cut the price of his bread and maintain quality?

Do you know that it takes a reduction of three dollars a barrel for flour to reflect a reduction of one cent in a pound of bread? Good flour has never been this cheap.

Do you know that we can't cut our wages, taxes, interest and insurance?

In spite of all this, Welter's Bread is now being made with high-grade flour and heavier than ever.

Think it over, be fair with us as well as yourselves. Our quality will stand out above price. Always ask for Welter's Bread——

Our 33rd Year in Charleston

Read this mattress "dope" closely please: When you can buy a 45-lb. all cotton roll edge mattress with fair quality tick for $6.00 cash, you are getting some value. And then a full FIFTY POUNDER, ALL FELT covered in fancy art ticking at $9.00 in money is also going some, but a full FIFTY-FIVE POUND ALL FELT with FOUR ROWS SIDE STITCHING at $12.50 takes the cake. All these super mattress bargains will be here for you this week-end. On installments they cost you a little more. A hard pressed manufacturer had 5600 to sell at these prices. Our first order was for 60. We may order more next week but after that there will be nothing doing.

As a result of trading there is a dandy little dining set on the upper floor of eight pieces, all in walnut, chairs in good "mule skin". This is a Queen Anne suite that sold for about $150.00 new and has been well kept. You may have it at a bargain price with plenty of time to pay.

Deliverymen have been going so for this week from 7:00 a. m. till dark every day on stove and range sales. At this writing (Wednesday) they are but a few behind, hence your order for last of the week may be given prompt attention. An excellent showing of Moore's, Cole's and Enterprise heaters are ready for service on weekly or monthly terms to suit. Of course we like to make cash sales also and allow 10% discount from marked prices to anyone who has the "kale".

Sam Rajotte pronounces the two-piece living room suites in this week at $85.00 very very good values. The Frenchman sees a lot of different makes and "knows his stuff" on upholstered pieces.

A whole lot of rooms may be covered with felt base rugs in the 9x10-6 size with just as much taste as if they were 9x12. A special opportunity of procuring a good number of the former size was presented recently hence we niw have a lot of pretty ones at the special cash price of $6.00 each—nice grade, too. Brighten up your floors for winter at low cost.

Reversible all wool chenille rugs in popular sizes are a late addition to the floor covering section. Ladies who have seen them say they are very pretty indeed. In addition to their lateness in design they also give long wearing service. Take a look at our sample line. All are oval in shape and of the small size only.

Why in the heck don't one of you live farmers come in and take this complete Delco Lighting Plant we are offering at a good saving? It has only been used a few weeks and is guaranteed in good working order. You can save $100.00 by the purchase as compared to a new one at present figures.

A lot of goods from our place has gone to Scott County in the past few days. As a natural result the entire store force feels very friendly to patrons from that area and you can bet your life we give every ounce of good service we have to folks who drive from other communities to buy our offerings.

Chatter in these columns week after week about our merchandise and service won't get us a thing unless prospective purchasers read and believe it. Barnum, the great showman, said "The public likes to be fooled". Lincoln said "You can't fool all the people all the time". The circus doctrine of Barnum is petering out, while the square deal principles of Lincoln are growing in favor every day of the world. There are no angels in this firm, but you can bank on what we say in printed matter.

—VOTE FOR—

M. E. MONTGOMERY

DEMOCRATIC CANDIDATE FOR

PROSECUTING ATTORNEY

IT IS GOOD BUSINESS, AND HE DESERVES IT ON HIS RECORD

BECAUSE

1. Scott County has been made one of the cleanest counties in this section of the State.

2. During his 3 years and 9 months as prosecuting attorney he has handled over 1000 criminal cases, including several for highway robbery, rape, bank robbery and murder.

3. Thru his efforts $11,077.34 has been assessed and collected in fines from law violators and placed to the credit of the county school fund, and $2987.50 has been collected in prosecuting attorney fees for securing convictions, and paid over to the County, making a total of $14,064.84, which is $4060.84 more than the total salary the county pays him ($2500 per year)) for his full 4-year term.

4. He has secured convictions and penitentiary or reform school sentences against 75 felons for a total of 275 years.

5. Of the great number of criminals he has prosecuted, only 5 have been acquitted by juries.

6. His reputation has become such that during the August 1930 term of the Circuit Court, not a single defendant stood rial, 18 pleading guily, 10 of them to felonies. As the costs of a jury trial in Circuit Court averages from $50.00 to $100.00 in jury fees, witness fees, etc., the taxpayers were saved more than $1000.00 in court costs at this one term of court.

7. He assisted in collecting more than 84% ($132,689.06 of the $156,651.50) of the public money tied up in the bankrupt Benton Bank.

8. All of the above figures can be verified from the records of the Circuit Clerk, the County Clerk and County Treasurer at Beuton. We challenge comparison of Mr. Montgomery's record with the record of any previous prosecuting attorney of this county, or any other county in this section of the State.

9. His honesty and integrity have never been questioned.

10. This important office should be filled by an experienced attorney of proven ability.

SECOND LEADERSHIP MEETING WILL BE HELD IN ARMORY THURSDAY NIGHT, OCT. 23

The second session of the Boy Leadership course conducted by the Boy Scouts of America will be held tonight at the Armory. Cecil G Morrison, executive for the area, will discuss the subjects of Scout Troop and Patrol organization and programming.

Twenty-one men were present at the opening meeting last Thursday night from Sikeston, Cape Girardeau Blodgett and Morehouse. The class was organized as a Scout troop and divided into four patrols. Half of the meeting time is spent in patrol sessions when the men go through the regular Scout work of knot tying, O'Grady drill, signalling first aid etc. The remainder of the time is devoted to talks and discussions.

The patrols in the Sikeston troop and their members are as follows:

Screech Owl: Jesse M. Layton patrol leader and D. L. Fisher of Morehouse, E. R. Putnam, Blodgett and Harry E. Dudley, Sikeston.

Cuckoo: Wilbur Ensor, patrol leader and Harry Dover, of Sikeston S. T. Clayton, Morehouse and Denver Clubb, Blodgett.

Cat: M. H. McLane, patrol leader, Blodgett; J. A. Spence, Morehouse; H. C. Young and Robert Struwe, Sikeston.

Lone Wolf: Joe Sarsar, patrol leader, Rev. A. C. Rudloff, and Woodrow Hardin, Sikeston; Wesley Deneke, Morehouse; Mr. Nunnelee, of Blodgett.

Rush H. Limbaugh, A. Q. Carter Harry Newman and Cecil G. Morrison of Cape Girardeau were also present. Mr. Limbaugh, president of the Council, spoke on the subject "Scouting Objectives and Program" and Mr. Morrison discussed the Tenderfoot Requirements.

Nearly a hundred men are now enrolled in the four courses being conducted in Cape Girardeau, Charleston, Sikeston and Poplar Bluff Sessions are held once a week for six weeks. All men interested in any phase of boys' work or desiring information concerning the Scout program are urged to attend.

WOMAN'S CLUB TO EXHIBIT ANTIQUES

Members of the Sikeston Woman's Club will have an opportunity to view a number of antique and art objects if plans of the entertainment committee mature by Tuesday afternoon, October 23. According to Mrs C. A. Cook, members of the Club are requested to bring art objects and antique pieces to be viewed by other members of the roganization at the Tuesday afternoon meeting to be held at the home of Mrs. C. C. Rose. The meeting will convene at 2:30 o'clock.

MESDAMES BURNS AND WELTECKE APPEAR ON CONVENTION PROGRAM

Mrs. L. R. Burns and Mrs. R. W Weltecke will again appear on the musical program of the Ninth District Convention of Woman's Clubs which convenes at Jackson next month. Mrs. Burns as soloist and Mrs. Weltecke as her acompanist. They were also programmed for the convention last year.

As Secretary of the local organization, the report of last year's work which will be given at the meeting will be in charge of Mrs. Burns.

Several other delegates from here are contemplating attending the two-day session at which the new district president, Mrs. H. F. Emerson of Morley, will preside.

SCOTT COUNTIANS ATTEND ST. LOUIS DAIRY SHOW

Mr. and Mrs. John Glueck, Mr. and Mrs. Andy Heisserer of Kelso, John J. Reiss, Sikeston and H. C. Watkins Jr., of Oran, attended the National Dairy Show at St. Louis last week Each person reported a wonderful show and urged the farmers of Scott County to attend in future years.

Soybeans Yield Well

Andy Heisserer of Kelso neighborhood reported to County Agent Renner that he had a 3 1-2 acre block of Virginia soybeans that yielded very satisfactorily. Mr. Heisserer threshed 64 bushels of beans from that block.

ORAN FARMERS BUY 45-TON CAR OF LIMESTONE

Zeno Heisserer and other farmers of near Oran purchased a 45-ton car of agricultual limestone to be put on land this fall which will be seeded to alfalfa next spring. The land has been tested by the County Agent who determined the amount of limestone required to neutralize the acidity of the soil.

HAVE HOPE THURSDAY FOR DR. J. A. HESS

Miss Isabelle Hess was notified this (Thursday) morning that her father, Dr. J. A. Hess, was improving, and that doctors in St. Mary's Hospital, Reno, Nev., now had hopes for his recovery.

Sikeston members of the family and friends were notified on October 13 that Dr. Hess was critically ill, suffering from pneumonia and kidney trouble. A message saying that doctors in the western hospital held out no hope for Dr. Hess' recovery was received Monday, but the later message was more encouraging in that it stated that Dr. Hess had conquered the pneumonia and that his condition was such that he might recover from his other ailment.

SIKESTON MAN FILLS BOND IN ACCIDENT CASE

Mound City, Ill.—H. C. Cooley of Sikeston, Mo., who is to go before the grand jury at the October term of circuit court as a result of an accident several days ago in which Rodney England, colored, of Mounds was knocked from the running board of his car and killed, was released from the county jail here yesterday after filling bond of $5000. Cooley waived a preliminary examination and was held over to the grand jury although he claims to know nothing about the accident. Cooley was driving an International truck on the night of the accident and was reported to have driven by the spot at about the time when England was struck. The truck which struck England was identified as being an International truck by persons with him when the accident occurred.

Circuit Court convenes here Monday, October 27, with Judge Spiller of Carbondale, presiding.

When Poke Eazley's wife saw him coming along the road this morning followed by their three dogs, she remarked that the reason the average dog never amounts to anything is on account of the company it keeps.—Commercial Appeal.

The stork is disappearing from Europe. Nests under observation in Poland have revealed a continuous decrease of eggs and fledgings for several years. Out of 250 nests examined in 1928, 42 contained no eggs at all. This year 33 nests out of 118 were empty. Facetious commentators assert that ideas of birth control have penetrated to the stork clan.

PERSONAL Only business men as a rule read the market reports that tell the changing prices of food stuffs sold in large quantities.

An easier way to keep informed is to ask an A&P store for its prices. They do not stay up when wholesale prices are down.

LOCAL AND PERSONAL FROM NEW MADRID

Funeral services were held Saturday morning at nine o'clock from the Catholic church if this city for Miss Colombe Dawson, age 38, who died last Thursday at noon in St. John's Hospital, St. Louis, following a major operation.

Miss Dawson was the daughter of Dr. and Mrs. George Dawson, one of the oldest and wealthiest families in New Madrid County, and is related to many of New Madrid's most prominent residents.

She leaves a mother, six brothers, Doyne, Gillard, Ralph, Harold, Happy and Paul, all business men of this city, and three sisters, Mrs. Russell Pinnell, Mrs. Wm. Mann and Mrs John Hunter. also of New Madrid. Services were presided over by Fr Thos. Flannigan, after which interment was made in the Evergreen Cemetery.

Mrs. F. M. Robbins and son, Monroe, accompanied by Misses Mary and Libba Hunter, all of Memphis, Tenn., arrived Friday night to spend the week-end at their homes here.

Charles Jackson arrived from Cairo this week and will be employed here by the government.

Misses Pearl McIver, Clara Standley, Geraldine DeLisle, Clara Drinkwater and Alice Berryman formed a party and motored to Sikeston Wednesday evening, where they had dinner at the Hotel Marshall Coffee Shop and afterwards attended the Malone Theatre. They were joined at the Theatre by Miss Florence Crisler of Sikeston.

Miss Pearl McIver, supervisor of nurses from the State Board of Health, was a guest of the Health Department of New Madrid County, Wednesday.

Miss Clara Standley spent the week-end in Bolvar, with her parents, Mr. and Mrs. H. Standley.

Ralph Berryman and small son, Robert, accompanied by Aubrey Elliott of Caruthersville. spent Sunday in New Madrid, the guests of the former's mother, Mrs. S. A. Berryman.

Miss Alice Berryma nspent the week-end in Memphis, Tenn., with friends.

Edwin Riley, who is employed on the government fleet at Osceola Ark., spent the week-end with his parents, Mr. and Mrs. Howard Riley

E. S. White of Cooter stopped in New Madrid for a few hours' visit with friends Saturday, when enroute to visit his brother, Glynn, who is a patient in the hospital at Sikeston

Jas. Sanders, principal of the grade school, motored to Sikeston Saturday, where he visited one of his pupils, Miss Mildred Smith, who is a patient in the emergency hospital.

Word was received here Saturday that Clyde McCampbell, plumber on the new hotel building, was instantly killed, when his Ford roadster turned over in loose gravel near Wardwell, Ky. McCampbell was enroute to his home in Mayfield, Ky., for a week-end visit, and lost control of the car while traveling at a fast rate of speed in loose gravel. Lewis Stone and McCampbell's father, who are employed here also, left Saturday afternoon for Mayfield, where they attended the funeral. Only a week before the same car turned over on Highway 61 near Portageville, when the driver, Miss Mildred Smith, attempted to dodge a cow, injuring the occupants, but not seriously.

Dan Fultz of Osceola, Ark., was the guest of Mrs. Nellie Cunningham, Sunday.

Misses Mary and Libba Hunter left Monday morning for Memphis, Tenn., where they are attending St Agnes Academy, after spending the week-end with their parents, Mr. and Mrs. Hal Hunter.

Miss Vivian Drinkwater of Charleston is spending the week here with her cousin, Miss Clara Drinkwater County Nurse.

Charles Milner of Charleston spent Monday here with his brother, Wm Milner.

Miss Alice Berryman was a Sikeston visitor Sunday evening.

The paving plant and quarter boats belonging to that outfit, which were the last of government fleet No. 8 to leave New Madrid, left early Tuesday morning for Frenchman's Bayou, Ark. Most of the revetment work on the banks here has been completde, and it is not known whether the fleet will return here to complete the work or not.

Circuit Court met Tuesday and disposed of the following cases: John L. Carpenter of Hayti plead guilty and was given two years in the penitentiary for forging a check for $2 at a filling station in Conran, and was also given two years for driving a car while intoxicated, however both sentences will be served at the same time, making the entire sentence only two years. Ben Hart, negro, of near Sikeston, was given a trial and found guilty of stealing two chickens from W. R. Lewis of near Sikeston, and was sentenced to serve two years in the penitentiary. Rufus Wilson, negro, of Paris, Texas plead guilty to carrying a pistol at Portageville and was sentenced to serve six months.

The New Madrid high school football team won their third victory out three games played, when they came up against Portageville, on the Portageville field Friday night, in their first game of night football. The score was 13 to 0 in favor of New Madride. No score has been made against the Owls this season.

INSTRUCTIONS TO VOTERS

On receipt of his ballot the voter shall forthwith, and without leaving the enclosed space, retire alone to one of the voting booths so provided, and shall prepare his ballot for voting in the following manner: Should the voter desire to vote a "straight" party ticket he shall place a cross (X) mark in the circle immediately below the party name. If the voter desires to vote for one or more candidates on more than one party ticket, by voting what is commonly called a "split ticket" he may place a cross (X) mark in the circle immediately below one party name and mark cross (X) marks in the squares at the left of the names of candidates on other tickets for whom he wishes to vote. If the voter desires to vote for one or more candidates whose name or names do not appear on the printed ballot he may do so by drawing a line through the printed name of candidate for such office, and writing below such canceled name the name of the person for whom he desires to vote, and placing a cross mark in the square at the left of such name. The squares so marked shall take precedence over the cross marked in the circle. Where there are two or more candidates for like office in a group a cross (X) mark in the square to the left of a candidate's name, automatically votes against the candidate whose name appears within the same horizontal lines in the column under the circle in which appears the cross (X) mark unless the voter indicates another candidate to be voted against by drawing a line through such candidate name. All candidates of the party whose circle is marked shall be counted as voted for excepting where squares are crossed preceding the names of the candidates in other columns; if two or more candidates for the same office are thus designated, neither shall be counted. If the cross (X) is not placed in the circle immediately below the party name at the head of the column, but does appear in the squares opposite the various candidates' names, then only these names shall be counted for, and none other. A cross (X) mark is any line crossing any other line at any angle within the voting space, and no ballot shall be declared void because a cross (X) mark therein is irregular in form. It shall not be lawful to deface or tear a ballot in any manner nor to erase any printed name (except as provided above in this section,) figure, word or letter therefrom, nor to erase any mark made thereon by such voter, nor inclose in the folded ballot any other paper or any article. If the voter deface or tear a ballot, or wrongly mark the name or make an erasure therein, he may obtain one additional ballot on returning to the ballot clerk the one so defaced or wrongly marked. A ballot placed in the ballot box without any mark shall not be counted. Ballots shall be counted only for the person for whom the marks thereon are applicable; when a voter shall place a mark against two or more names for the same office, and only one candidate is to be chosen for the office none of the candidates shall be deemed to have been voted for and the ballots shall not be counted for either such candidate. Before leaving the booth the voter shall fold his ballot in such a manner as to conceal his marks thereon. He shall mark his ballot without undue delay. He shall then hand the ballot to the judge of election selected to take ballots, who shall number the ballot and deposit it in the ballot box. The voter shall quit and leave said enclosed place as soon as possible.

SIKESTON STANDARD

C. L. BLANTON, EDITOR

ISSUED TUESDAY AND FRIDAY AT SIKESTON, MISSOURI

Entered at the Postoffice at Sikeston, Scott County, Missouri, as second-class mail matter, according to act of Congress.

Rates:
Reading notices, per line.....10c
Bank statements $10.00
Probate notices, minimum ....$ 5.00
Yearly subscription in Scott and the adjoining counties .....$ 1.50
Yearly subscription elsewhere in the United States $2.00

We were told this week by a business man from the far West that banks in this town were discouraging saving accounts "because they now had more money than they could loan". One of our Sikeston bankers stated also that his institution has more money than it can loan ON GOOD SECURITY, and we might add at eight per cent. The joker is that "good security" clause Nevertheless, we would like to see the time come when business firms could borrow money at 5 1-2 to 6 per cent, which, we believe, would be in keeping with the present economic status of most firms, banks excepted. It is an economic fact however, that the interest rate charged the borrower is one of the last items to drop in times of depression, and one of the last, likewise, to risk in times of so-called prosperity.

No candidate or County Chairman should take offense when their record is printed. If the record is shameful or embarrassing, and is true, they may feel peeved, but should keep it under their hat. The political campaign in Scott County started out with charges and mud slinging by the Republican candidates, and, we judge, with the approval of their Chairman, and if the chickens come home to roost. why, there is nothing else to do except take care of them It is just a mess of rotten and small bologny.

From the Chicago Herald-Examiner comes the following interesting story: "A few weeks ago in the town of Sikeston, Mo., a wife left her husband because he insisted on wearing orange-colored neckties. Some days later he was shot and killed in a lunchroom brawl. It was Mrs. Theresa Marshall, a young wife, who could not stand her husband's eternal orange neckties. But this interesting case has not been subjected to the examination of any modern psychologist".

AS I SEE IT

By I'm About Town

Some day soon an author will write a novel of American Life entitled "The Waiting Line"—several angles of approach are possible. One might possibly concern Gloria Swanson, who seeks separation from the title Marquis Henri de la Faliase de la Coudraye. It is Gloria's fourth.

The brilliance of modern high school students is staggering. We have noticed a certain number of loafing here and there each evening. We once knew a young fellow who worried over assignments and lessons far into the night even after other members of the family had retired. The transition to college assignments was not such a blow to this particular youngun. All he got out of it was a scholarship to a famous university.

This same fellow tells us that he occasionaly studied and wrote all night at the U, that he frequently stayed up until 2 or 3 o'clock and usually until midnight. He missed a Phi Beta Kappa key by 26 scholarship point (out of a possible 400) a fact which may or may not mean anything.

We recall instances in our own college days of a general exodus around Thanksgiving—mid-term exams. Most of the crew who were homeward bound were those who failed not because they lacked ability, but because they failed to establish study habits in high schools back home. They just "got by".

PEOPLE CONTINUE TO DONATE TO WORKING PEOPLE'S CHURCH

The first two days of this week—Monday and Tuesday—Elder John B Huffman, Chairman of the Pentecostal Church of God, being overseer in many churches in the United States and founder-pastor of the new Sikeston Working People's Church states that G. A. Dempster, of the Dempster Furniture and Undertaking Company, sent us a check for $5; James F. Fulbright, candidate for Congress, $10; and Emanule Schorle of the Schorle Baking Co., $10 Emanuel is very liberal and charitable.

We expect several large donations in the near future. Not just Sikeston and Scott County people, but business houses, firms, factories, officials and individuals from all over the United States.

We believe the new Sikeston church for working people is the only fundamentalist church of its kind in the United States where all the Bible is preached, taught and fully believed, that is wholly dedicated to the working people, the rank and file of the nation—those employed in stores, shops, offices, factories garages, common laborers, farmers.

Two or three people have said, "I am contributing to my church". Well did you know that it is Methodists Baptists, Presbyterians, Christians Lutherans, Episcopalians, Congregationalists, and Catholics and Jews that are donating to this church? We have not asked for a dollar from any man or woman in our church not only in Sikeston, the State of Missouri, or in any of our churches from coast to coast. Being an unusual church, and nothing like it anywhere in the nation, people who are large donors to other churches are giving offerings to this new church One man who said he had to pay more than a hundred dollars per month at the Methodist church, on account of the terrible drouth making a lot of the congregation unable to pay, and the heavy burden of paying for others had fallen on just a few members—yet, he certainly sent us a donation on the new Sikeston Working People's Church. He lives in Missouri.

We hope to have the co-operation of all real Bible Christians in this work of rescuing and helping to redeem fallen men and women and o getting even good citizens saved and ready for heaven

At Haileybury, Ontario, Canada in 1919, 336 miles north of Toronto Bro. Hart, pastor of the Presbyterian Church, Bro. Charley Nicholson of the Hornerite Holiness church and ministers from three other churches, attended my Bible school and received the credits on the deep teaching of the Revelation. Bros Hart and Nicholson and wife were filled with the spirit at this meeting

Send your donations on this church to Elder John B. Huffman, Box 476 Sikeston, Mo. Thank you for your offering.

The editor of The Standard is accomplishing a great work in granting us space for our church notices.—John B. Huffman.

MISS CLARA BELLE HUNT UNITED IN MARRIAGE TO NORBERT SPALDING

Charleston, October 20.—A very quet wedding, but one of much interest to many friends in Southeast Missouri. was solemnized at six o'clock Sunday afternoon, October 19, at Benton, when Miss Clara Belle Hunt, formerly of this city, but now of Hayti, was united in marriage to Mr. Norbert Spalding of Chaffee.

For the ceremony, the bride wore an attractive costume of dark brown crepe with accessories of the same shade. Among those who attended the ceremony were the bride's sister Mrs. George Little, with whom the bride made her home, and Mr. Little of Hayti, and Mrs. Joe McAllister of Anniston.

The bride formerly resided in this city. She attended the Charleston high school and was a general favorite in social circles of this city. She is the daughter of Mrs. W. V. Carson of Hayti. Mr. Spalding was reared in Hayti. He holds the position of Chief Train Dispatcher for the Frisco Railroad Company at Chaffee.

Mr. and Mrs. Spalding are now at home to their friends in Chaffee.

LADY, 70, FINDS NEW HEALTH IN FAMED KONJNLA

Son, Too, Relieved Of Neuritis Through New Compound ---Remarkable Record Made.

MRS. WILLIAM P. BURK

"About two years ago I had an attack of the flu and my system was left in a deplorable condition", said Mrs. William P. Burk, 1232 Nelson street, Joplin. "I had no appetite, felt tired and worn out and was up all hours of the night due to bladder weakness. I had severe back pains and was losing weight and strength. I tried medicines without the least relief.

"After taking two bottles of this medicine I began to improve in health and pick up in strength. I was putting on weight steadily. My appetite was restored and my kidneys became normal. Pains left my back and once again I am in good helath. My son has taken Konjola and it eliminated neuritis from his body. I shall always have a good word to say for this master medicine".

This is not an exceptional case. The files of Konjola are filled with such happy experiences. Try Konjola for your troubles today.

Konjola is sold in Sikeston at the Derris Drug Store, and by all the best druggists in all town throughout this netire section.

Extract From Campaign Speech of Roger A. Bailey, Republican Candidate For Prosecuting Attorney, Made at Hoge School House on October 17th, 1930.

"My opponent, Mr. M. E. Montgomery, made a speech at Perkins which was quoted in the Scott County Democrat of October 16th, 1930. Mr. Montgomery states that one of my charges against him was that Mr. Ray B. Lucas was employed to help him handle the case of Scott County against the depository bond after the closing of the Benton Bank. Mr. Montgomery has not been correctly informed. It was proper for Mr. Montgomery to have help in this particular suit. It was burdened with too much responsibility for Mr. Montgomery or any other one lawyer. That Mr. Lucas was employed to help him is without just criticism or objection.

"The criticism lies in this: Mr. Montgomery was Prosecuting Attorney and Mr. Lucas was employed by the County Court. With this arrangement they should have gone on and rendered their services in this case. They should not have brought in the school districts from all over the County and made contracts with those who would agree to it for additional attorney fees to be paid by those individual districts. It seems to me the burden was already on these attorneys to do this work.

"Mr. Montgomery in an effort to justify this states in this same Perkins speech as quoted in The Democrat as follows:

> "As Prosecuting Attorney, I have no obligation to represent any school or drainage district, to which more than 90 per cent of this money belonged."

"Now this is a strange doctrine. Here was a suit brought by order of the County Court, in the name of the County, on a depositary bond taken by the County, and with which the school districts or drainage districts had nothing to do. To my mind Mr. Montgomery did have a very binding obligation here as Prosecuting Attorney without bothering the school districts.

"However, Mr. Montgomery may take any position on this he may desire. If I am elected Prosecuting Attorney, I will at all times regard it a part of my official duty to protect and defend school money or any other money that belongs to the people."

POLITICAL ADVERTISEMENT

A Part of the "Other Side"

The Scott County Republican organization and candidates, by their campaign speeches and by printed literature, have been making various charges against a number of Democratic officials and candidates, and have continued these "mud-slinging" tactics for more than two weeks. The Democrats have heretofore ignored these assaults and refused to indulge in personalities, but since the Republicans are continuing their campaign of slander, we believe that the voters will pardon us if we tell you part of the "other side".

We assume that they have said all the mean things they could about us, hence we call attention to the fact that they could find no evidence of any dishonesty by any Democratic County officer or candidate. Their complaints amount to charges of bad management, inefficiency and neglect of duty. Evidently they will welcome a comparison with some of their own record. Surely a comparison will not be considered unfair.

MR. SMITH, OUR COUNTY CLERK

They claim that Mr. Smith's records are away behind and his office inefficiently handled. The Grand Jury each year by specific direction of the Circuit Court, investigates the conduct of the County's business, and particularly the records of all County officers, and neither Mr. Smith's official conduct or records have ever been criticized. On the contrary, the last Grand Jury made the following report after thoroughly investigating his office:

> "We find the records in this office in good shape, and all affairs connected therewith, efficiently and promptly handled!

MR. PEARMAN, HIS OPPONENT

Mr. Pearman was County Clerk from 1914 to 1922. In 1916, Mr. Pearman, with a Republican County Court, consisting of Tomlinson, Thomas and Bowman, ordered and conducted a County stock law election and the proposition was carried by the voters. But the election was declared invalid in the case of Wm. Crroll vs. Jonathan Branam because Mr. Pearman had failed to post election notices, and the election had to be held over again at a cost to the taxpayers of about $1000.00.

In the same year this same County Court ordered foreclosure of the Cassie Hunt school loan of about $875, and directed Mr. Pearman to bid at the sale to protect the County's interest. Mr. Pearman failed to attend to the matter and J. D. Randolph bid the property for $31.00, and resold it in about two weeks for $600.00, and the County lost its money. Those interested may find the deeds referred to with particulars, in the Recorder's office, in Book 73 page 52 and Book 71 page 528.

In 1925, the State Auditor, audited all County offices and at page 8 of his report (copy of which is now on file in his office at Jefferson City and another in the County Clerk's office at Benton) he states that he found Mr. Pearman short in his accounts with the State and County to the amount of $705.32.

We do not claim that the above mistakes make Mr. Pearman unfit for the office for which he is running, but we do say that the Republican's "Holier than thou" campaign, rest more upon their willingness to find fault with someone else than it does upon facts. Just a smoke screen to try to hide their retreat from Mr. Hoover's Republican Prosperity.

SOME MORE RECORDS OF OTHER REPUBLICAN COUNTY OFFICIALS

The Grand Jury at the March, 1929 term of the Circuit Court inserted the following paragraph in their report:

> "We find in checking the ecords, that some of the former officers, at the expiration of their terms have taken a great many of the records with them in retiring. We believe these to be permanent with the office, the property of the County and should be returned by said former officers, and the system or precedent discontinued. This we are advised and believed is agreeable to Section 10594 to 10604 of the Revised Statutes of Missouri".

Everett Dye, Republican sheriff, and the present chairman of the Republican County Committee, and George J. Arnold, Republican County Treasurer, had just gone out of office. No names are mentioned by the Grand Jury, but if anyone doubts that the Grand Jury was referring to these two officials, they can find out by asking any member of that grand jruy, a list of whom is on file in the Circuit Clerk's office. And in compliance with the Grand Jury's request, Mr. Arnold promptly returned his books, but Mr. Dye has not done so to date.

Mr. Dye was also indicted for keeping funds belonging to the County, and he admitted that he had retained unreported more than $1000.00 of the peoples money, some of which he had collected more than three years before, tho' the law requires him to report and pay over all public money at each term of Circuit Court (3 times a year), and to make a final report and turn over on going out of office.

REPUBLICAN LIQUIDATION OF BUSTED BANKS

The Republicans have liquidated several busted banks in Scott County. A report of their handling of these matters somewhat dampens their promise of an economical administration of the County's affairs.

1. In the liquidation of the Bank of Oran, P. N. Keller, Republican politician of Chaffee, and Bailey & Bailey, Republican lawyers of Sikeston, received $8005.40 for their services and expenses and the general creditors received $12,506.44, about ten cents on the dollar.

2. In the Oran Corn Exchange Bank liquidation, W. L. Tomlinson, of Fornfelt, Republican Boss of Scott County, and Jim Finch, Republican Attorney, received $8221.75 for their services and expenses, while the general creditors received $4971.96 about eight cents on the dollar.

3. In the Farmers' & Merchants' Bank of Kelso, Martin Tirmenstein, Republican politican of Benton, and Steve Barton, Republican Attorney, of the same city, received $3209.51, for their services and expenses while the general creditors received $350.81.

4. In the liquidation of Diehlstadt Bank, George W. Kirk, Republican politician of Charleston, received $1463.70 for his services while the general creditors received nothing.

COUNTY BOND SUIT AND ROAD REFUND MATTERS

The Republicans make complaints with reference to legal assistance furnished the Prosecuting Attorney in the County Depository Bond suit, and in the County road refund matters. Complaints can be made in a few words, but it requires considerable space to fully set out sufficient facts to enable the public to fairly judge as to these matters. But briefly the facts are about as follows:

There was $72,565.35, ($53,157.18 of it belonging to the schools, $13,143.75 belonging to drainage districts, and $6,264.24 belonging to the County's road interest and redemption fund) of public money tied up in the busted Benton Bank, which the Bondsmen said they were not liable for and refused to pay, and employed the law firms of Ward & Reeves and Gallivan & Finch to represent them. The Prosecuting Attorney requested the School Districts of the County—to which $53,157.36 of this money belonged—to employ additional attorneys to help him in the case and most of the School Districts of the County entered into a contract with Ray B. Lucas to assist in the case on a contingent fee of 25%, and the County Court also employed Mr. Lucas to aid in recovering the portion of this money that the County Court controlled. The County won the case at a trial in the Circuit Court at Jackson. The Bondsmen appealed to the Supreme Court, but later offered a compromise settlement of $40,000.00 in cash, the Benton Bank property, and the Chrismon house. The School Boards by an overwhelming majority, voted to accept this compromise and the case was settled on that basis. Though Mr. Lucas had a 25% contract with most of the school districts, he settled with everybody (School Districts, Drainage Districts, and County) on exactly the same basis of 15% of the money recovered for them, out of which he paid all of his expenses and also the law firm of Wammack & Welborn, which he had hired in the case.

In the road refund matter, the State Highway Department has owed Scott County ever since 1921, from one hundred thousand to two hundred thousand dollars for Routes 61, 60 and 55, which had been largely built by the County bond money, but was taken over by the Highway Department in 1921. The State Highway Department has promised to pay for about eight years, but, on being pressed for payment, said they did not intend to pay; that they did not know how much they owed, because the law was indefinite, and, if Scott County wanted their money, they would have to bring suit. Mr. Lucas was then employed by the County Court to assist the prosecuting attorney in trying to recover this money. The County Court agreed to pay Mr. Lucas a total of $2000 by January 1, 1931, to cover his expenses, and $3000 more out of the first $75,000 recovered and 10% of all above $75,000 that was recovered for the County.

The State Highway Department is buying and paying for the right-of-way for Routes 61 and 55, but charging same against the County's Refund account. We believe that the Highway Department has no legal right to do this, and Mr. Lucas is to assist in trying to get this money back. If we succeed he gets 20% of this, if we fail he gets nothing, and he is out his time and efforts. Every County in this section of the State has hired special counsel on similar terms to assist their prosecuting attorneys in these road matters.

The Republicans say that it was the duty of the prosecuting attorney to handle these matters without assistance. The County Bondsmen in the School Bond case, and the Highway Department in the refund matters are represented by several of the ablest lawyers in the State of Missouri, and to advocate the prosecuting attorney singlehandedly meeting such opposition and taking a chance of losing such large amounts of the people's money, certainly does not represent good business judgment, and our Courts have held that it was proper to employ special assistance in such cases.

We would further remind our Republican friends that Mr. Roger Bailey, as City Attorney of the City of Sikeston, (Republican candidate for Prosecuting Attorney) has the same obligation to represent his city that the Prosecuting Attorney has to represent the County, and Mr. Bailey has had legal assistance at the expense of the city in every case of any importance that the city has had during his term of office.

Judge Brady claims he did not vote for making this contract with Mr. Lucas. There were present in the Court room when this contract was made, besides Mr. Lucas and the members of the Court, R. L. Harrison, H. C. Watkins, Jr., and J. Sherwood Smith, and all say that Mr. Brady, not only voted for making this contract but expressed himself as highly pleased with it. His denial now is political bunk.

The Republicans say that some County Funds are short of money. We would remind them that all funds of all institutions and individuals are in bad shape in these days, largely as a result of a continued wave of Republican prosperity.

Before you buy your radio

Consider the facts

The Radio, once a novelty that provided "thrills" in the form of static and improvised programs, has passed the experimental stage. It is NOW A MUSICAL INSTRUMENT and when buying yours you should REMEMBER THAT MORE THAN 90% OF THE TIME YOU WILL BE LISTENING TO MUSICAL PROGRAMS.

TONE, therefore, is all IMPORTANT. Tone is the test of all musical instruments, and the radio is a musical instrument.

We have specialized in radio for years; it is but natural that we should be importuned by all makers of radios to sell their sets.

Our salesmen are not selected haphazardly; they are men who have a trained sense of music; men who have an ear for tone; men who appreciate the necessity of true worth for your dollar.

Our service men are radio experts who understand our policy of guaranteeing satisfaction to all customers. Having both the ability and desire to install your radio satisfactorily and keep it so, they thereby build good will for us.

We would like to sell you a radio.

CIVIC GROUPS PLAN TO ASSIST EMERGENCY HOSPITAL

A plan of finding 100 organizations, business houses and individuals to subscribe $1.00 each per month to finance one room in the Emergency Hospital was the outcome of a Tuesday afternoon meeting of Chamber of Commerce members in session jointly with church, fraternal, civic and charity organizations in the New Armory Hall.

The meeting brought to light the fact that Sikeston believes wholeheartedly in the Emergency Hospital and Drs. Kendig and Presnell, who are directly responsible for the institution and for its maintainance to date in the face of a constant deficit.

C. L. Blanton, editor of The Standard, read to the assembly a report compiled from the books of the Hospital showing that a total of 428 patients had received treatment. Those who paid their account in full, number 246; those who have paid in part number 103, and those who have paid nothing number 79. The amount of money due the hospital and staff for hospital treatment and for treatment other than requiring confinement in the institution totals $15,147.04.

A detailed statement of accounts during the months of July, August and September was read, and the same are reproduced herewith:

Total amount collected during August, 1930, $255.25. Paid out during the month; July accounts:

Insurance	$ 35.46
Nurses (Story, Patterson. White and Wallace)	131.95
Groceries	61.35
Laundry	24.66
Missouri Utilities	34.94
Drugs and Supplies	36.36
Rent	60.00
Semo. Telephone Co.	4.95
Milk	16.00
Total	$405.67

Deficit $150.42.

August acounts paid in September:

Total amount collected during the month of September, 1930, $695.

Amount paid out during September, 1930:

Nurses	$180.00
Milk	23.50
Groceries	68.82
Laundry	34.20
Mo. Utilities	32.46
Rent	60.00
Drugs and Supplies	11.74
Telephone	5.35
Note at bank	305.33
Total	$721.34

September Accounts paid in October:

Deficit $26.34.

Total amount collected from October 16, 1930, $90.40.

Amount paid out from October 1-16, 1930:

Nurses	$162.25
Groceries	65.53
Milk	16.00
Laundry	48.71
Mo. Utilities	37.86
Rent	60.00
Drugs and Supplies	57.11
Freight	2.32
Total	$449.78

Deficit $359.38

Total deficit for three months $536.14.

As will be noticed, the number of patients who have paid nothing and the amount of uncollected accounts do not seem to correspond very well. This can be explained by the fact that the majority of accounts which have been paid in full have been the smaller accounts, while the larger accounts have gone entirely unpaid or had only a small amount paid on them.

Included in the group of thirty-five men and women were representatives of nearly all churches, civic and fraternal organizations. The Woman's Club representatives were Mrs. C. A. Cook, Mrs. Arch Russell and Mrs. Raymond Burns. W. C. T U, Mrs. E. J. Malone, Sr. and Mrs. J. H. Kready. American Legion Auxiliary, Mrs. Lyle Malone, Mrs. Paul Galloway and Mrs. Oscar Carroll. Woman's Benefit Association Miss Rebecca Pierce and Mrs. Bertie Fox. American Legion, Tanner C. Dye and John Martin; Lions Club, C. E. Brenton; Methodist Church, C. C. White; Presbyterian Church, D L. McElroy; Christian Church, Mrs. Tom Baker; Baptist Church, John J

BOYS CAUGHT SOON AFTER TAKING CAPE GIRARDEAU CAR

A mad chase starting at Miner Switch and terminating in New Madrid closed an incident in the lives of three youths, two from St. Louis and one from St. Marys, Tuesday afternoon. The boys, James Elderman and Harry McKay, of St. Louis and Meyers Biley of St. Marys were reported to have stolen an automobile in Cape Girardeau about one o'clock Tuesday afternoon. The Ford roadster had been stolen from Albert Cottle, South Ellis Street, formerly a star on the Cape Girardeau grid team.

Gord Dill, deputy constable, received the call in Sikeston from Tom Hodgkiss at Benton, and with Gid Daniels started immediately for Miner to stop the runaways. The thieves eluded Dill and speeded by going west "wide open", according to the Sikeston officers who gave chase.

It was a mad, foolhardy chase to New Madrid, according to officer Dill, who stated that the race was almost on even terms. The lads had and maintained a distance of about 100 yards during the 21-mile race with both motors wide open. Dill claims that his car registered as high as 70 miles per hour and did not drop below 50.

The boys turned in the old road at New Madrid, preparing, it is supposed, to abandon the stolen roadster and hiking on South. They were crowded into a ditch, arrested, however, and returned to Sikeston where they were met later Tuesday evening by Jesse Crafton, Chief of Police of Cape Girardeau and Patrolman Paul McNeely.

When captured, the Ford had gasoline enough to run approximately ten miles more, according to the officers.

McKay and Elderman, who gave their ages as 21 years, swore that Biley was not a member of their crowd. He merely joined them, they told officers, as they were leaving Cape Girardeau. Biley is 17 years old. He appeared frightened after the chase, and was taken home by Mr. Dill. He appeared more at ease after a hot supper and a bit of fatherly advice. Biley was returned with the other prisoners Tuesday evening to Cape Girardeau, where they face State charges of stealing an automobile.

Local officers were told that a reward of $50 was offered for arrest of the thieves by the Automobile Club of Missouri. The Ford is being held here pending settlement of fees and claims.

FORMER SIKESTONIAN WINS $5000 AWARD

Mrs. Minnie Yount, 5641 Clemens Avenue, St. Louis, daughter of Mrs John E. Marshall, of this city, and a frequent visitor to Sikeston, was awarded $5000 damages against the Kroger Grocery and Baking Company in Federal Court last week.

According to information in the case, a cashier in a St. Louis Kroger Store accused Mrs. Young of attempting to leave the store without paying for a twelve-cent package of crackers which she had, in fact, purchased elsewhere.

JURY INDICTS BLUFF POLICE OFFICIALS

Poplar Bluff, October 22.—A special grand jury called this week returned an indictement against Roscoe Walker, chief of police and Patrolman Charles Rose, charging the acceptance of bribes from bootleggers for protection in liquor traffic The officers were arrested ten days ago by Sheriff Ray McCown.

Sooner or later Death will visit all of us. It is a sad visit, and few are ready and prepared to go. As years roll on old couples who have lived together for a quarter of a century or more, can expect the Silent Visitor at any hour. It is seldom ever that both pass on together. The one left behind is the one to sympathize with as they will forever live over the life from the beginning to the end. The courtship, marriage, the first born, the care through sickness of the children, the terrible lonesomeness that comes with an empty home when the children are all grown and have gone forth to carve out their own destiny, and at last the sweetheart of youth is taken. This is the problem that will soon come to some of us, and the sooner we set our house in order, the better. What sort of life have you lived, and how are you living?

Mr. and Mrs. Ned Tanner are the proud parents of a boy baby born to them in St. Louis, Tuesday, October 21, weighing 8½ pounds. The new arrival has been named Ned Warner Tanner. Good health and long life to the parents and to the babe.

We haven't heard any of our Republican Scott County speilers rip the County Court or Attorney R. E Bailey for assisting M. E. Montgomery and Ray B. Lucas in the suit against the bondsmen of the Benton bank where the school money was on deposit. Mr. Bailey received a percentage of the money due the Sikeston School District, which amounted to about $750. We are not criticising Mr. Bailey, Sr., for we consider it money well spent, but why do the Republican local speakers jump on the Democratic County Court, the Democratic Prosecuting Attornye and the Democratic Ray B. Lucas and say nothing about the bacon the Republican politicians brought home.

A bird in the cage is worth two in the bush. At times a fellow finds many amusing incidents along with work. Ira Shuffitt recently moved a family which hda a bird in a cage As the truck backed up to the new house, the bottom dropped from the cage and the canary took to the trees. After the goods were placed in the house, Ira was asked what his bill for moving amounted to, and when he said $3.00, the lady of the house told him that was just the price of the canary that he let get away. It was a case of grin and motor on.

Down in Mississippi a man has been freed of killing a doctor whom he accused of "breaking up his family". We have often wondered if these families that have been "broken up" ever get the pieces mended and go on living as before the break Suppose these families that have been "cracked" don't count, just those that are "broken up".

Secretary of Agriculture Hyde states that the late tariff has helped each farmer $102, 'a distinct gain for agriculture", he says. Have any of the Southeast Missouri farmers of any political faith, awoke these mornings and found that much money in their sock, or that much wheat or corn in the bin? Another dream gone to hell.

In speaking of the lawlessness in the United States, the London Dailey Express has this to say: "Gangsters flourish in the United States because of the virtualy complete failure of American justice to secure and enforce convictions. Judges. lawyers and politicians have between them made crime one of the safest of American callings".

Steps in Home Canning

By GRACE VIALL GRAY, Secretary, National Canning Contest, Shenandoah, Iowa.

(No. 2)

Grace Viall Gray.

IS YOUR ENTRY IN?

Prizes totaling $4,250 in cash, loving cups and ribbons, including a grand sweepstakes award of $600 in cash, are being offered to winners in the National Canning Contest, to be held at Shenandoah, Iowa, October 1. For free information and free ball-mason jar and entry blanks, write to Mrs. Gray at Shenandoah.

After selecting, grading, cleansing and preparing food products for canning, the next step is pre-heating or pre-cooking. This means partially cooking the product before putting in the jar.

All non-acid vegetables should be pre-cooked. The non-acid vegetables are corn, beans, greens, okra, peas and asparagus. The object of pre-cooking these vegetables is to remove the air and to shrink them so that more food can be packed in the jars. Canning pre-cooked foods is much more satisfactory than canning raw foods. There is less spoilage where pre-cooking has preceded the actual canning process.

While non-acid vegetables are pre-cooked, it is only necessary to pre-heat fruits. Some fruits may be packed directly into jars, covered with boiling syrup and processed, but they shrink and the jars are not entirely filled as they are when the fruit is heated through first and packed hot.

Tomatoes are an acid vegetable and are very easily canned. If tomatoes are to be canned whole, they are simply scalded, which is really pre-heating, until the skins slip off easily and then are quickly dipped in cold water. Peaches are treated in the same manner, scalded and cold-dipped, after which the skins can be easily removed.

It is advisable to can all non-acid vegetables under steam pressure because they require a higher temperature than that of boiling water for complete sterilization.

The U. S. Department of Agriculture advocates this method of canning as the only safe, reliable me[thod] ... why the steam pressu[re] ... necessary for string bea[ns] ... and other non-acid vegetables is this: The bacteria or non-acid vegetable is very resistant to heat. With the steam pressure canner a temperature of 240° F. can be obtained quickly at 10 pounds pressure. At this high temperature bacteria can not survive long, and the canned vegetables are easily processed to insure against spoilage without overcooking at the same time. In 30 to 60 minutes can be accomplished at 240° F. in the steam pressure canner what would take 6 hours of boiling at 212° F. The pressure cooker is a time saver as well as a food saver so far as the processing of all non-acid vegetables are concerned.

Tomatoes are the exception to this rule of vegetable canning. The bacteria that cause greatest difficulty in canning most vegetables do not thrive in the acid tomato. Also it is so juicy that heat penetrates quickly to the center of a can of tomatoes.

Many questions are asked about oven canning. The United States department of agriculture does not recommend oven canning for peas, corn, or other non-acid vegetables or for meats. Tests show that though the oven may be 400° F. or higher, the temperature of the food in the cans is little if any higher than boiling. Over and over again it has been proven that the boiling temperature is not sufficient to kill bacteria in certain canned foods unless it is maintained so long that the food itself is made unpalatable.

CIVIC GROUPS PLAN TO ASSIST EMERGENCY HOSPITAL

(Cont'd. from page 1)

Reiss. Dr. U. P. Haw, Scott County Health Physician of Benton, and representaitve Sikeston business men were also present.

Dr. Haw complimented Sikeston and this community highly upon this institution and urged that every measure be taken to insure its continued service. The Scott County Court, he remarked, had set aside no specific amount for such an institution, but in cases of necessity that body had contributed, and would continue in the future. Several cases involving wounded or injured prisoners of the county are on record as having been treated at the expense of the County.

Mr. Brenton, as Chairman of the County Red Cross Unit, spoke at length complimenting the city for having this splendid unit and pointing out the necessity of the Hospital in connection with Red Cross relief work.

The W. B. A. "Penny Mile" fund, according to Miss Rebecca Pierce district manager of that organization, stated that the mile of pennies was about half completed. The Hospital Fund now amounts to $241.09. This 100-per cent woman's organization last spring and summer sponsored a drive with a total amount of $500—in other words, a miles of pennies—as its ultimate goal. Most of the money is to be given to the Hospital. One Ward still remains to be covered in the drive, according to Miss Pierce, who voiced the hope that the project would meet with success.

Lyle Malone, as chairman of the meeting and President of the Sikeston Chamber of Commerce, outlined his plan of relief, and one which met with instant approval. The plan has already been mentioned. It consists briefly of pledging 100 individuals and organizations to contribute $1 each per month for the upkeep of a ward or bed in the hospital.

A permanent hospital committee with C. C. White, chairman, was elected. Mr. White will be assisted by C. E. Brenton, Benny Topper, Miss Rebecca Pierce and John Powell

Even though no positive move has been made to secure the 100 pledges, voluntary donations have already been registered by members of the committee.

The Sikeston Standard $1.50 per year

The fall of a meteorite from the sky is not an infrequent occurrence as is evidence by the fact that a London museum has 600 specimens.

The last issue of The Standard carried a politcial story furnished by the Democratic Committee of Scott County, that should have carried the caption "Political Advertisement" This paragraph is printed to inform the Republican candidates that the story was not written by the editor C. L. Blanton.

One of the great sacrifices parents of a large family of children make is the choice of fried chicken that is left them on the dish when all others are helped. First goes all the white meat, followed by the legs and the thighs, then the dish is passed to Mother who takes the back and the gizzard, while Dad gets the platter and selects a wing and the liver!

William G. McAdoo, former secretary of the treasury, has proposed that the Farm Board's 60,000,000 bushels of surplus wheat be used to feed unemployed persons this winter: "When congress reconvenes in December, the first thing it ought to do is to authorize the use of as much of this huge wheat store as may be needed to feed hungry and distressed human beings", he asserted.

PHIL BAXTER AND HIS ORIGINAL TEXAS TOMMIES BOOKED FOR HALLOWE'EN DANCE

Phil Baxter and his Original Texas Tommies will stage a homecoming in Sikeston on the night of October 31, under the auspices of the local Post of the American Legion.

Arrangements to have this favorite baton wielder and his playboys in Sikeston next week were completed by telephone Thursday afternoon Baxter and his band will complete a contract this week and the one-night stopover in his "home town" was made possible since the musical outfit must come near Sikeston on its way to a new engagement for the winter.

Legionnaires will hold a special meeting soon to plan decorations for the hall, and to send invitations to a select list of their friends. Baxter's music has always met with favor in this city and his appearance here will probably attract dancers from all surrounding towns.

EIGHT-YEAR-OLD CHILD HURT BY STEPPING IN FRONT OF SPEEDING AUTO

Little Lorene Beck, 8-year-old daughter of Mr. and Mrs. Spurling Beck, living south of Sikeston, was seriously hurt Tuesday morning, as she stepped out of Mr. Lewis' car in which she had ridden to the Fairview school, directly in front of a speeding auto coming north on Highway 61. A small boy in the same crowd barely escaped getting hit, when he dodged across the highway.

Lorene was brought to the Emergency Hospital, where her injuries were treated. Her right leg was broken just above the ankle. Doctors have hope that the broken member which was nearly severed, will knit and heal without causing a permanent limp.

Mrs. Walter Nelson, living in the Big Opening neighborhood, an aunt of the Beck girl suffered injuries to her face, when the family car struck a bridge railing and turned over pinning her head underneath. The accident happened about 11:30 o'clock Saturday morning. Mrs Nelson was allowed to home Wednesday afternoon.

HAL AND LYNN GALEENER RECOVERING FROM INJURIES

Sikeston friends and relatives were notified this week that Hal and his son, Lynn Galeener, formerly of this city, but now of Houston, Texas, are recovering from burns sustained about ten days ago, when a gas water heating aparatus exploded Lynn, the message stated, suffered a burned hand and would be unable to play football for several weeks. Mr Galeener sustained several burned fingers.

John Galeener is said to be critically ill at the home in Houston.

Lloyd Rayburn of Cape Girardeau is visiting Mr. and Mrs. Walter Rayburn.

Mr. and Mrs. Charles Strong and little son, Bennett, of Macon, Mo. have been visiting since Tuesday at the G. J. Phillips home. The visitors will return home Friday.

MRS. RAY OLIVER HURT IN AUTO WRECK WEDNESDAY

Mrs. Ray Oliver, formerly of this city, suffered a sprained ankle Wednesday, shortly after noon, when her car turned over near Buckeye, east of Sikeston, as she tried to turn sharply from the graveled portion of the highway to the concrete slab With her were her two small sons three and six years old, and Mrs Mary Simpson. The latter suffered concusions of the chest.

Mrs. Oliver was driving the car which belonged to her brother from Detroit, Mich., to Dexter. Her brother, Mr. Blankenship came Wednesday and returned to Dexter with the Oliver boys. Mrs. Oliver left the hospital here the same afternoon in company with Dr. Davis of Bloomfield, who came here after his sister, Mrs. Simpson.

MRS. L. C. LEAR ADJUDGED INSANE

Mrs. L. C. Lear was removed to Farmington, Mo., Tuesday night and confined in the State institution for mental defectives. She had been acting strangely several days, and Tuesday became violent. Her sister, Mrs. Jene Littlejohn, of Higginsville, Mo., arrived Tuesday afternoon to accompany Mrs. Lear to the State hospital.

Mrs. Will Smith spent the week in New Madrid visiting her daughters Mrs. Charles Berthe.

BULLDOGS AND MULES WILL MEET FRIDAY

The Sikeston Bulldogs meet the Poplar Bluff Mules on the home gridiron Friday afternoon, and according to dope from headquarters, the Sikeston warriors intend to do the snapping and biting instead of being kicked all over the lot.

The Mules, under the guidance of Coach Peters, have lost two and won onegame, being equal on that score with Cunningham's crew. The locals chalked up a win against Caruthersville in the season opener, and since then have lost to Charleston by three points and to Chaffee by a lone touchdown.

RUNAWAY GIRLS FOUND IN ARK

A rosy childish dream of seeing the world, faded for two youngsters Roberta 'Bobbie" Aldrich, 9 years old, and Doloris Earl, 15, who ran away from home and mother Wednesday afternoon in preference to living a prosaic life as students in the Sikeston grade school.

According to a telephone message received Thursday afternoon, the runaways were found at the home of a sister of Mrs. Bob Aldrich, in Paragould, Ark. Mr. and Mrs. Bob Aldrich, 530 Harris Avenue, of this city, started immediately for the Arkansas city to bring the "world travelers" home.

The plan of the youngsters was not without reason. It had been planned for last week, but for some reason was postponed until Wednesday evening.

For several days Doloris and Roberta had informed their parents that their teachers were "keeping them in 'till 6 o'clock". When they failed to come home at that hour Wednesday, the parents became alarmed, and police within a radius of 200 miles from Sikeston were notified. A note handed to Geneva Aldrich, 8 years old, shortly before 1:00 o'clock Wednesday gave the only clue as to the intentions of the wanderers It was addressed to Mrs. Aldrich and read: "Am tired of home. Am leaving. Goodbye Mother, forever" Geneva forgot about the note and did not show it to her parents until the hue and cry was raised that evening.

Another complication entered the case, when Earl Aldrich, older brother of the missing girl and a sailor assigned to the good ship Arkansas reported $25 missing from his effects. Earl is at home on furlough with his foster parents, Dr. and Mrs Waters and had spoken frequently of West Virginia and of far away places. School chums recalled hearing the girls speak of running away to the East coast.

It was next reported that girls answering the description of the missing children were seen in a Morehouse speakeasy Wednesday night in company with two men. The report could not be verified.

Jim Keith left Thursday for Indiana to visit relatives.

BEN WELTER'S BREAD IS ALWAYS GOOD

WHY—Because it is made with the Best Flour—and by Bakers that know how to bake! Ask your Grocer for a loaf of Krispy Krust, Tastee, Rye or Sandwich Bread. ALWAYS FRESH-BAKED EVERY DAY.

Some Facts Worth Considering:

Do you know that the baker can't cut the price of his bread and maintain quality?

Do you know that it takes a reduction of three dollars a barrel for flour to reflect a reduction of one cent in a pound of bread? Good flour has never been this cheap.

Do you know that we can't cut our wages, taxes, interest and insurance?

In spite of all this, Welter's Bread is now being made with high-grade flour and heavier than ever.

Think it over, be fair with us as well as yourselves. Our quality will stand out above price. Always ask for Welter's Bread——

Our 33rd Year in Charleston

Read this mattress "dope" closely please: When you can buy a 45-lb. all cotton roll edge mattress with fair quality tick for $6.00 cash, you are getting some value. And then a full FIFTY POUNDER, ALL FELT covered in fancy art ticking at $9.00 in money is also going some, but a full FIFTY-FIVE POUND ALL FELT with FOUR ROWS SIDE STITCHING at $12.50 takes the cake. All these super mattress bargains will be here for you this week-end. On installments they cost you a little more. A hard pressed manufacturer had 5600 to sell at these prices. Our first order was for 60. We may order more next week but after that there will be nothing doing.

As a result of trading there is a dandy little dining set on the upper floor of eight pieces, all in walnut, chairs in good "mule skin". This is a Queen Anne suite that sold for about $150.00 new and has been well kept. You may have it at a bargain price with plenty of time to pay.

Deliverymen have been going so for this week from 7:00 a. m. till dark every day on stove and range sales. At this writing (Wednesday) they are but a few behind, hence your order for last of the week may be given prompt attention. An excellent showing of Moore's, Cole's and Enterprise heaters are ready for service on weekly or monthly terms to suit. Of course we like to make cash sales also and allow 10% discount from marked prices to anyone who has the "kale".

Sam Rajotte pronounces the two-piece living room suites in this week at $85.00 very very good values. The Frenchman sees a lot of different makes and "knows his stuff" on upholstered pieces.

A whole lot of rooms may be covered with felt base rugs in the 9x10-6 size with just as much taste as if they were 9x12. A special opportunity of procuring a good number of the former size was presented recently hence we niw have a lot of pretty ones at the special cash price of $6.00 each—nice grade, too. Brighten up your floors for winter at low cost.

Reversible all wool chenille rugs in popular sizes are a late addition to the floor covering section. Ladies who have seen them say they are very pretty indeed. In addition to their lateness in design they also give long wearing service. Take a look at our sample line. All are oval in shape and of the small size only.

Why in the heck don't one of you live farmers come in and take this complete Delco Lighting Plant we are offering at a good saving? It has only been used a few weeks and is guaranteed in good working order. You can save $100.00 by the purchase as compared to a new one at present figures.

A lot of goods from our place has gone to Scott County in the past few days. As a natural result the entire store force feels very friendly to patrons from that area and you can bet your life we give every ounce of good service we have to folks who drive from other communities to buy our offerings.

Chatter in these columns week after week about our merchandise and service won't get us a thing unless prospective purchasers read and believe it. Barnum, the great showman, said "The public likes to be fooled". Lincoln said "You can't fool all the people all the time". The circus doctrine of Barnum is petering out, while the square deal principles of Lincoln are growing in favor every day of the world. There are no angels in this firm, but you can bank on what we say in printed matter.

—VOTE FOR—

M. E. MONTGOMERY

DEMOCRATIC CANDIDATE FOR

PROSECUTING ATTORNEY

IT IS GOOD BUSINESS, AND HE DESERVES IT ON HIS RECORD

BECAUSE

1. Scott County has been made one of the cleanest counties in this section of the State.

2. During his 3 years and 9 months as prosecuting attorney he has handled over 1000 criminal cases, including several for highway robbery, rape, bank robbery and murder.

3. Thru his efforts $11,077.34 has been assessed and collected in fines from law violators and placed to the credit of the county school fund, and $2987.50 has been collected in prosecuting attorney fees for securing convictions, and paid over to the County, making a total of $14,064.84, which is $4060.84 more than the total salary the county pays him ($2500 per year)) for his full 4-year term.

4. He has secured convictions and penitentiary or reform school sentences against 75 felons for a total of 275 years.

5. Of the great number of criminals he has prosecuted, only 5 have been acquitted by juries.

6. His reputation has become such that during the August 1930 term of the Circuit Court, not a single defendant stood rial, 18 pleading guily, 10 of them to felonies. As the costs of a jury trial in Circuit Court averages from $50.00 to $100.00 in jury fees, witness fees, etc., the taxpayers were saved more than $1000.00 in court costs at this one term of court.

7. He assisted in collecting more than 84% ($132,689.06 of the $156,651.50) of the public money tied up in the bankrupt Benton Bank.

8. All of the above figures can be verified from the records of the Circuit Clerk, the County Clerk and County Treasurer at Benton. We challenge comparison of Mr. Montgomery's record with the record of any previous prosecuting attorney of this county, or any other county in this section of the State.

9. His honesty and integrity have never been questioned.

10. This important office should be filled by an experienced attorney of proven ability.

SECOND LEADERSHIP MEETING WILL BE HELD IN ARMORY THURSDAY NIGHT, OCT. 23

The second session of the Boy Leadership course conducted by the Boy Scouts of America will be held tonight at the Armory. Cecil G Morrison, executive for the area, will discuss the subjects of Scout Troop and Patrol organization and programming.

Twenty-one men were present at the opening meeting last Thursday night from Sikeston, Cape Girardeau Blodgett and Morehouse. The class was organized as a Scout troop and divided into four patrols. Half of the meeting time is spent in patrol sessions when the men go through the regular Scout work of knot tying, O'Grady drill, signalling first aid etc. The remainder of the time is devoted to talks and discussions.

The patrols in the Sikeston troop and their members are as follows:

Screech Owl: Jesse M. Layton patrol leader and D. L. Fisher of Morehouse, E. R. Putnam, Blodgett and Harry E. Dudley, Sikeston.

Cuckoo: Wilbur Ensor, patrol leader and Harry Dover, of Sikeston S. T. Clayton, Morehouse and Denver Clubb, Blodgett.

Cat: M. H. McLane, patrol leader, Blodgett; J. A. Spence, Morehouse; H. C. Young and Robert Struwe, Sikeston.

Lone Wolf: Joe Sarsar, patrol leader, Rev. A. C. Rudloff, and Woodrow Hardin, Sikeston; Wesley Deneke, Morehouse; Mr. Nunnelee, of Blodgett.

Rush H. Limbaugh, A. Q. Carter Harry Newman and Cecil G. Morrison of Cape Girardeau were also present. Mr. Limbaugh, president of the Council, spoke on the subject "Scouting Objectives and Program" and Mr. Morrison discussed the Tenderfoot Requirements.

Nearly a hundred men are now enrolled in the four courses being conducted in Cape Girardeau, Charleston, Sikeston and Poplar Bluff Sessions are held once a week for six weeks. All men interested in any phase of boys' work or desiring information concerning the Scout program are urged to attend.

WOMAN'S CLUB TO EXHIBIT ANTIQUES

Members of the Sikeston Woman's Club will have an opportunity to view a number of antique and art objects if plans of the entertainment committee mature by Tuesday afternoon, October 23. According to Mrs C. A. Cook, members of the Club are requested to bring art objects and antique pieces to be viewed by other members of the roganization at the Tuesday atternoon meeting to be held at the home of Mrs. C. C. Rose. The meeting will convene at 2:30 o'clock.

MESDAMES BURNS AND WELTECKE APPEAR ON CONVENTION PROGRAM

Mrs. L. R. Burns and Mrs. R. W Weltecke will again appear on the musical program of the Ninth District Convention of Woman's Clubs which convenes at Jackson next month. Mrs. Burns as soloist and Mrs. Weltecke as her acompanist. They were also programmed for the convention last year.

As Secretary of the local organization, the report of last year's work which will be given at the meeting will be in charge of Mrs. Burns.

Several other delegates from here are contemplating attending the two-day session at which the new district president, Mrs. H. F. Emerson of Morley, will preside.

SCOTT COUNTIANS ATTEND ST. LOUIS DAIRY SHOW

Mr. and Mrs. John Glueck, Mr. and Mrs. Andy Heisserer of Kelso, John J. Reiss, Sikeston and H. C. Watkins Jr., of Oran, attended the National Dairy Show at St. Louis last week Each person reported a wonderfu show and urged the farmers of Scott County to attend in future years.

Soybeans Yield Well

Andy Heisserer of Kelso neighborhood reported to County Agent Renner that he had a 3 1-2 acre block of Virginia soybeans that yielded very satisfactorily. Mr. Heisserer threshed 64 bushels of beans from that block.

ORAN FARMERS BUY 45-TON CAR OF LIMESTONE

Zeno Heisserer and other farmers of near Oran purchased a 45-ton car of agricultual limestone to be put on land this fall which will be seeded to alfalfa next spring. The land has been tested by the County Agent who determined the amount of limestone required to neutralize the acidity of the soil.

HAVE HOPE THURSDAY FOR DR. J. A. HESS

Miss Isabelle Hess was notified this (Thursday) morning that her father, Dr. J. A. Hess, was improving, and that doctors in St. Mary's Hospital, Reno, Nev., now had hopes for his recovery.

Sikeston members of the family and friends were notified on October 13 that Dr. Hess was critically ill, suffering from pneumonia and kidney trouble. A message saying that doctors in the western hospital held out no hope for Dr. Hess' recovery was received Monday, but the later message was more encouraging in that it stated that Dr. Hess had conquered the pneumonia and that his condition was such that he might recover from his other ailment.

SIKESTON MAN FILLS BOND IN ACCIDENT CASE

Mound City, Ill.—H. C. Cooley of Sikeston, Mo., who is to go before the grand jury at the October term of circuit court as a result of an accident several days ago in which Rodney England, colored, of Mounds was knocked from the running board of his car and killed, was released from the county jail here yesterday after filling bond of $5000. Cooley waived a preliminary examination and was held over to the grand jury although he claims to know nothing about the accident. Cooley was driving an International truck on the night of the accident and was reported to have driven by the spot at about the time when England was struck. The truck which struck England was identified as being an International truck by persons with him when the accident occurred.

Circuit Court convenes here Monday, October 27, with Judge Spiller of Carbondale, presiding.

The stork is disappearing from Europe. Nests under observation in Poland have revealed a continuous decrease of eggs and fledgings for several years. Out of 250 nests examined in 1928, 42 contained no eggs at all. This year 33 nests out of 118 were empty. Facetious commentators assert that ideas of birth control have penetrated to the stork clan.

LOCAL AND PERSONAL FROM NEW MADRID

Funeral services were held Saturday morning at nine o'clock from the Catholic church if this city for Miss Colombe Dawson, age 38, who died last Thursday at noon in St. John's Hospital, St. Louis, following a major operation.

Miss Dawson was the daughter of Dr. and Mrs. George Dawson, one of the oldest and wealthiest families in New Madrid County, and is related to many of New Madrid's most prominent residents.

She leaves a mother, six brothers, Doyne, Gillard, Ralph, Harold, Happy and Paul, all business men of this city, and three sisters, Mrs. Russell Pinnell, Mrs. Wm. Mann and Mrs John Hunter. also of New Madrid. Services were presided over by Fr Thos. Flannigan, after which interment was made in the Evergreen Cemetery.

Mrs. F. M. Robbins and son, Monroe, accompanied by Misses Mary and Libba Hunter, all of Memphis, Tenn., arrived Friday night to spend the week-end at their homes here.

Charles Jackson arrived from Cairo this week and will be employed here by the government.

Misses Pearl McIver, Clara Standley, Geraldine DeLisle, Clara Drinkwater and Alice Berryman formed a party and motored to Sikeston Wednesday evening, where they had dinner at the Hotel Marshall Coffee Shop and afterwards attended the Malone Theatre. They were joined at the Theatre by Miss Florence Crisler of Sikeston.

Miss Pearl McIver, supervisor of nurses from the State Board of Health, was a guest of the Health Department of New Madrid County, Wednesday.

Miss Clara Standley spent the week-end in Bolvar, with her parents, Mr. and Mrs. H. Standley.

Ralph Berryman and small son, Robert, accompanied by Aubrey Elliott of Caruthersville. spent Sunday in New Madrid, the guests of the former's mother, Mrs. S. A. Berryman.

Miss Alice Berryma nspent the week-end in Memphis, Tenn., with friends.

Edwin Riley, who is employed on the government fleet at Osceola Ark., spent the week-end with his parents, Mr. and Mrs. Howard Riley

E. S. White of Cooter stopped in New Madrid for a few hours' visit with friends Saturday, when enroute to visit his brother, Glynn, who is a patient in the hospital at Sikeston

Jas. Sanders, principal of the grade school, motored to Sikeston Saturday, where he visited one of his pupils, Miss Mildred Smith, who is a patient in the emergency hospital.

Word was received here Saturday that Clyde McCampbell, plumber on the new hotel building, was instantly killed, when his Ford roadster turned over in loose gravel near Wardwell, Ky. McCampbell was enroute to his home in Mayfield, Ky., for a week-end visit, and lost control of the car while traveling at a fast rate of speed in loose gravel. Lewis Stone and McCampbell's father, who are employed here also, left Saturday afternoon for Mayfield, where they attended the funeral. Only a week before the same car turned over on Highway 61 near Portageville, when the driver, Miss Mildred Smith, attempted to dodge a cow, injuring the occupants, but not seriously.

Dan Fultz of Osceola, Ark., was the guest of Mrs. Nellie Cunningham, Sunday.

Misses Mary and Libba Hunter left Monday morning for Memphis, Tenn., where they are attending St Agnes Academy, after spending the week-end with their parents, Mr. and Mrs. Hal Hunter.

Miss Vivian Drinkwater of Charleston is spending the week here with her cousin, Miss Clara Drinkwater County Nurse.

Charles Milner of Charleston spent Monday here with his brother, Wm. Milner.

Miss Alice Berryman was a Sikeston visitor Sunday evening.

The paving plant and quarter boats belonging to that outfit, which were the last of government fleet No. 8 to leave New Madrid, left early Tuesday morning for Frenchman's Bayou, Ark. Most of the revetment work on the banks here has been completde, and it is not known whether the fleet will return here to complete the work or not.

Circuit Court met Tuesday and disposed of the following cases: John L. Carpenter of Hayti plead guilty and was given two years in the penitentiary for forging a check for $2 at a filling station in Conran, and was also given two years for driving a car while intoxicated, however both sentences will be served at the same time, making the entire sentence only two years. Ben Hart, negro, of near Sikeston, was given a trial and found guilty of stealing two chickens from W. R. Lewis of near Sikeston, and was sentenced to serve two years in the penitentiary. Rufus Wilson, negro, of Paris, Texas plead guilty to carrying a pistol at Portageville and was sentenced to serve six months.

The New Madrid high school football team won their third victory out three games played, when they came up against Portageville, on the Portageville field Friday night, in their first game of night football. The score was 13 to 0 in favor of New Madride. No score has been made against the Owls this season.

INSTRUCTIONS TO VOTERS

On receipt of his ballot the voter shall forthwith, and without leaving the enclosed space, retire alone to one of the voting booths so provided, and shall prepare his ballot for voting in the following manner: Should the voter desire to vote a "straight" party ticket he shall place a cross (X) mark in the circle immediately below the party name. If the voter desires to vote for one or more candidates on more than one party ticket, by voting what is commonly called a "split ticket" he may place a cross (X) mark in the circle immediately below one party name and mark cross (X) marks in the squares at the left of the names of candidates on other tickets for whom he wishes to vote. If the voter desires to vote for one or more candidates whose name or names do not appear on the printed ballot he may do so by drawing a line through the printed name of candidate for such office, and writing below such canceled name the name of the person for whom he desires to vote, and placing a cross mark in the square at the left of such name. The squares so marked shall take precedence over the cross marked in the circle. Where there are two or more candidates for like office in a group a cross (X) mark in the square to the left of a candidate's name, automatically votes against the candidate whose name appears within the same horizontal lines in the column under the circle in which appears the cross (X) mark unless the voter indicates another candidate to be voted against by drawing a line through such candidate name. All candidates of the party whose circle is marked shall be counted as voted for excepting where squares are crossed preceding the names of the candidates in other columns; if two or more candidates for the same office are thus designated, neither shall be counted. If the cross (X) is not placed in the circle immediately below the party name at the head of the column, but does appear in the squares opposite the various candidates' names, then only these names shall be counted for, and none other. A cross (X) mark is any line crossing any other line at any angle within the voting space, and no ballot shall be declared void because a cross (X) mark therein is irregular in form. It shall not be lawful to deface or tear a ballot in any manner nor to erase any printed name (except as provided above in this section,) figure, word or letter therefrom, nor to erase any mark made thereon by such voter, nor inclose in the folded ballot any other paper or any article. If the voter deface or tear a ballot, or wrongly mark the name or make an erasure therein, he may obtain one additional ballot on returning to the ballot clerk the one so defaced or wrongly marked. A ballot placed in the ballot box without any mark shall not be counted. Ballots shall be counted only for the person for whom the marks thereon are applicable; when a voter shall place a mark against two or more names for the same office, and only one candidate is to be chosen for the office none of the candidates shall be deemed to have been voted for and the ballots shall not be counted for either such candidate. Before leaving the booth the voter shall fold his ballot in such a manner as to conceal his marks thereon. He shall mark his ballot without undue delay. He shall then hand the ballot to the judge of election selected to take ballots, who shall number the ballot and deposit it in the ballot box. The voter shall quit and leave said enclosed place as soon as possible.

We were told this week by a business man from the far West that banks in this town were discouraging saving accounts "because they now had more money than they could loan". One of our Sikeston bankers stated also that his institution has more money than it can loan ON GOOD SECURITY, and we might add at eight per cent. The joker is that "good security" clause Nevertheless, we would like to see the time come when business firms could borrow money at 5 1-2 to 6 per cent, which, we believe, would be in keeping with the present economic status of most firms, banks excepted. It is an economic fact however, that the interest rate charged the borrower is one of the last items to drop in times of depression, and one of the last, likewise, to risk in times of so-called prosperity.

No candidate or County Chairman should take offense when their record is printed. If the record is shameful or embarrassing, and is true, they may feel peeved, but should keep it under their hat. The political campaign in Scott County started out with charges and mud slinging by the Republican candidates, and, we judge, with the approval of their Chairman, and if the chickens come home to roost. why, there is nothing else to do except take care of them It is just a mess of rotten and small bologny.

From the Chicago Herald-Examiner comes the following interesting story: "A few weeks ago in the town of Sikeston, Mo., a wife left her husband because he insisted on wearing orange-colored neckties. Some days later he was shot and killed in a lunchroom brawl. It was Mrs. Theresa Marshall, a young wife, who could not stand her husband's eternal orange neckties. But this interesting case has not been subjected to the examination of any modern psychologist".

AS I SEE IT
By I'm About Town

Some day soon an author will write a novel of American Life entitled "The Waiting Line"—several angles of approach are possible. One might possibly concern Gloria Swanson, who seeks separation from the title Marquis Henri de la Faliase de la Coudraye. It is Gloria's fourth.

The brilliance of modern high school students is staggering. We have noticed a certain number of loafing here and there each evening We once knew a young fellow who worried over assignments and lessons far into the night even after other members of the family had retired. The transition to college assignments was not such a blow to this particular youngun. All he got out of it was a scholarship to a famous university.

This same fellow tells us that he occasionaly studied and wrote all night at the U, that he frequently stayed up until 2 or 3 o'clock and usually until midnight. He missed a Phi Beta Kappa key by 26 scholarship point (out of a possible 400) a fact which may or may not mean anything.

We recall instances in our own college days of a general exodus around Thanksgiving—mid-term exams. Most of the crew who were homeward bound were those who failed not because they lacked ability, but because they failed to establish study habits in high schools back home. They just "got by".

PEOPLE CONTINUE TO DONATE TO WORKING PEOPLE'S CHURCH

The first two days of this week—Monday and Tuesday—Elder John B Huffman, Chairman of the Pentecostal Church of God, being overseer in many churches in the United States and founder-pastor of the new Sikeston Working People's Church states that G. A. Dempster, of the Dempster Furniture and Undertaking Company, sent us a check for $5; James F. Fulbright, candidate for Congress, $10; and Emanule Schorle of the Schorle Baking Co., $10 Emanuel is very liberal and charitable.

We expect several large donations in the near future. Not just Sikeston and Scott County people, but business houses, firms, factories, officials and individuals from all over the United States.

We believe the new Sikeston church for working people is the only fundamentalist church of its kind in the United States where all the Bible is preached, taught and fully believed, that is wholly dedicated to the working people, the rank and file of the nation—those employed in stores, shops, offices, factories garages, common laborers, farmers.

Two or three people have said, "I am contributing to my church". Well did you know that it is Methodists Baptists, Presbyterians, Christians, Lutherans, Episcopalians, Congregationalists, and Catholics and Jews that are donating to this church? We have not asked for a dollar from any man or woman in our church not only in Sikeston, the State of Missouri, or in any of our churches from coast to coast. Being an unusual church, and nothing like it anywhere in the nation, people who are large donors to other churches are giving offerings to this new church One man who said he had to pay more than a hundred dollars per month at the Methodist church, on account of the terrible drouth making a lot of the congregation unable to pay, and the heavy burden of paying for others had fallen on just a few members—yet, he certainly sent us a donation on the new Sikeston Working People's Church. He lives in Missouri.

We hope to have the co-operation of all real Bible Christians in this work of rescuing and helping to redeem fallen men and women and o getting even good citizens saved and ready for heaven

At Haileybury, Ontario, Canada in 1919, 336 miles north of Toronto Bro. Hart, pastor of the Presbyterian Church, Bro. Charley Nicholson of the Hornerite Holiness church and ministers from three other churches, attended my Bible school and received the credits on the deep teaching of the Revelation. Bros Hart and Nicholson and wife were filled with the spirit at this meeting

Send your donations on this church to Elder John B. Huffman, Box 476 Sikeston, Mo. Thank you for your offering.

The editor of The Standard is accomplishing a great work in granting us space for our church notices.—John B. Huffman.

MISS CLARA BELLE HUNT UNITED IN MARRIAGE TO NORBERT SPALDING

Charleston, October 20.—A very quet wedding, but one of much interest to many friends in Southeast Missouri. was solemnized at six o'clock Sunday afternoon, October 19, at Benton, when Miss Clara Belle Hunt, formerly of this city, but now of Hayti, was united in marriage to Mr. Norbert Spalding of Chaffee.

For the ceremony, the bride wore an attractive costume of dark brown crepe with accessories of the same shade. Among those who attended the ceremony were the bride's sister Mrs. George Little, with whom the bride made her home, and Mr. Little of Hayti, and Mrs. Joe McAllister of Anniston.

The bride formerly resided in this city. She attended the Charleston high school and was a general favorite in social circles of this city. She is the daughter of Mrs. W. V. Carson of Hayti. Mr. Spalding was reared in Hayti. He holds the position of Chief Train Dispatcher for the Frisco Railroad Company at Chaffee.

Mr. and Mrs. Spalding are now at home to their friends in Chaffee.

LADY, 70, FINDS NEW HEALTH IN FAMED KONJNLA

Son, Too, Relieved Of Neuritis Through New Compound ---Remarkable Record Made.

MRS. WILLIAM P. BURK

"About two years ago I had an attack of the flu and my system was left in a deplorable condition", said Mrs. William P. Burk, 1232 Nelson street, Joplin. "I had no appetite, felt tired and worn out and was up all hours of the night due to bladder weakness. I had severe back pains and was losing weight and strength. I tried medicines without the least relief.

"After taking two bottles of this medicine I began to improve in health and pick up in strength. I was putting on weight steadily. My appetite was restored and my kidneys became normal. Pains left my back and once again I am in good helath. My son has taken Konjola and it eliminated neuritis from his body. I shall always have a good word to say for this master medicine".

This is not an exceptional case The files of Konjola are filled with such happy experiences. Try Konjola for your troubles today.

Konjola is sold in Sikeston at the Derris Drug Store, and by all the best druggists in all town throughout this netire section.

Extract From Campaign Speech of Roger A. Bailey, Republican Candidate For Prosecuting Attorney, Made at Hoee School House on October 17th, 1930.

"My opponent, Mr. M. E. Montgomery, made a speech at Perkins which was quoted in the Scott County Democrat of October 16th, 1930. Mr. Montgomery states that one of my charges against him was that Mr. Ray B. Lucas was employed to help him handle the case of Scott County against the depository bond after the closing of the Benton Bank. Mr. Montgomery has not been correctly informed. It was proper for Mr. Montgomery to have help in this particular suit. It was burdened with too much responsibility for Mr. Montgomery or any other one lawyer. That Mr. Lucas was employed to help him is without just criticism or objection.

"The criticism lies in this: Mr. Montgomery was Prosecuting Attorney and Mr. Lucas was employed by the County Court. With this arrangement they should have gone on and rendered their services in this case. They should not have brought in the school districts from all over the County and made contracts with those who would agree to it for additional attorney fees to be paid by those individual districts. It seems to me the burden was already on these attorneys to do this work.

"Mr. Montgomery in an effort to justify this states in this same Perkins speech as quoted in The Democrat as follows:

> "As Prosecuting Attorney, I have no obligation to represent any school or drainage district, to which more than 90 per cent of this money belonged."

"Now this is a strange doctrine. Here was a suit brought by order of the County Court, in the name of the County, on a depositary bond taken by the County, and with which the school districts or drainage districts had nothing to do. To my mind Mr. Montgomery did have a very binding obligation here as Prosecuting Attorney without bothering the school districts.

"However, Mr. Montgomery may take any position on this he may desire. If I am elected Prosecuting Attorney, I will at all times regard it a part of my official duty to protect and defend school money or any other money that belongs to the people."

A Part of the "Other Side"

The Scott County Republican organization and candidates, by their campaign speeches and by printed literature, have been making various charges against a number of Democratic officials and candidates, and have continued these "mud-slinging" tactics for more than two weeks. The Democrats have heretofore ignored these assaults and refused to indulge in personalities, but since the Republicans are continuing their campaign of slander, we believe that the voters will pardon us if we tell you part of the "other side".

We assume that they have said all the mean things they could about us, hence we call attention to the fact that they could find no evidence of any dishonesty by any Democratic County officer or candidate. Their complaints amount to charges of bad management, inefficiency and neglect of duty. Evidently they will welcome a comparison with some of their own record. Surely a comparison will not be considered unfair.

MR. SMITH, OUR COUNTY CLERK

They claim that Mr. Smith's records are away behind and his office inefficiently handled. The Grand Jury each year by specific direction of the Circuit Court, investigates the conduct of the County's business, and particularly the records of all County officers, and neither Mr. Smith's official conduct or records have ever been criticized. On the contrary, the last Grand Jury made the following report after thoroughly investigating his office:

> "We find the records in this office in good shape, and all affairs connected therewith, efficiently and promptly handled!

MR. PEARMAN, HIS OPPONENT

Mr. Pearman was County Clerk from 1914 to 1922. In 1916, Mr. Pearman, with a Republican County Court, consisting of Tomlinson, Thomas and Bowman, ordered and conducted a County stock law election and the proposition was carried by the voters. But the election was declared invalid in the case of Wm. Crroll vs. Jonathan Branam because Mr. Pearman had failed to post election notices, and the election had to be held over again at a cost to the taxpayers of about $1000.00.

In the same year this same County Court ordered foreclosure of the Cassie Hunt school loan of about $875, and directed Mr. Pearman to bid at the sale to protect the County's interest. Mr. Pearman failed to attend to the matter and J. D. Randolph bid the property for $31.00, and resold it in about two weeks for $600.00, and the County lost its money. Those interested may find the deeds referred to with particulars, in the Recorder's office, in Book 73 page 52 and Book 71 page 528.

In 1925, the State Auditor, audited all County offices and at page 8 of his report (copy of which is now on file in his office at Jefferson City and another in the County Clerk's office at Benton) he states that he found Mr. Pearman short in his accounts with the State and County to the amount of $705.32.

We do not claim that the above mistakes make Mr. Pearman unfit for the office for which he is running, but we do say that the Republican's "Holier than thou" campaign, rest more upon their willingness to find fault with someone else than it does upon facts. Just a smoke screen to try to hide their retreat from Mr. Hoover's Republican Prosperity.

SOME MORE RECORDS OF OTHER REPUBLICAN COUNTY OFFICIALS

The Grand Jury at the March, 1929 term of the Circuit Court inserted the following paragraph in their report:

> "We find in checking the ecords, that some of the former officers, at the expiration of their terms have taken a great many of the records with them in retiring. We believe these to be permanent with the office, the property of the County and should be returned by said former officers, and the system or precedent discontinued. This we are advised and believed is agreeable to Section 10594 to 10604 of the Revised Statutes of Missouri".

Everett Dye, Republican sheriff, and the present chairman of the Republican County Committee, and George J. Arnold, Republican County Treasurer, had just gone out of office. No names are mentioned by the Grand Jury, but if anyone doubts that the Grand Jury was referring to these two officials, they can find out by asking any member of that grand jruy, a list of whom is on file in the Circuit Clerk's office. And in compliance with the Grand Jury's request, Mr. Arnold promptly returned his books, but Mr. Dye has not done so to date.

Mr. Dye was also indicted for keeping funds belonging to the County, and he admitted that he had retained unreported more than $1000.00 of the peoples money, some of which he had collected more than three years before, tho' the law requires him to report and pay over all public money at each term of Circuit Court (3 times a year), and to make a final report and turn over on going out of office.

REPUBLICAN LIQUIDATION OF BUSTED BANKS

The Republicans have liquidated several busted banks in Scott County. A report of their handling of these matters somewhat dampens their promise of an economical administration of the County's affairs.

1. In the liquidation of the Bank of Oran, P. N. Keller, Republican politician of Chaffee, and Bailey & Bailey, Republican lawyers of Sikeston, received $8005.40 for their services and expenses and the general creditors received $12,506.44, about ten cents on the dollar.

2. In the Oran Corn Exchange Bank liquidation, W. L. Tomlinson, of Fornfelt, Republican Boss of Scott County, and Jim Finch, Republican Attorney, received $8221.75 for their services and expenses, while the general creditors received $4971.96 about eight cents on the dollar.

3. In the Farmers' & Merchants' Bank of Kelso, Martin Tirmenstein, Republican politican of Benton, and Steve Barton, Republican Attorney, of the same city, received $3209.51, for their services and expenses while the general creditors received $350.81.

4. In the liquidation of Diehlstadt Bank, George W. Kirk, Republican politician of Charleston, received $1463.70 for his services while the general creditors received nothing.

COUNTY BOND SUIT AND ROAD REFUND MATTERS

The Republicans make complaints with reference to legal assistance furnished the Prosecuting Attorney in the County Depository Bond suit, and in the County road refund matters. Complaints can be made in a few words, but it requires considerable space to fully set out sufficient facts to enable the public to fairly judge as to these matters. But briefly the facts are about as follows:

There was $72,566.35, ($53,157.18 of it belonging to the schools, $13,143.75 belonging to drainage districts, and $6,264.24 belonging to the County's road interest and redemption fund) of public money tied up in the busted Benton Bank, which the Bondsmen said they were not liable for and refused to pay, and employed the law firms of Ward & Reeves and Gallivan & Finch to represent them. The Prosecuting Attorney requested the School Districts of the County—to which $53,157.36 of this money belonged—to employ additional attorneys to help him in the case and most of the School Districts of the County entered into a contract with Ray B. Lucas to assist in the case on a contingent fee of 25%, and the County Court also employed Mr. Lucas to aid in recovering the portion of this money that the County Court controlled. The County won the case at a trial in the Circuit Court at Jackson. The Bondsmen appealed to the Supreme Court, but later offered a compromise settlement of $40,000.00 in cash, the Benton Bank property, and the Chrismon house. The School Boards by an overwhelming majority, voted to accept this compromise and the case was settled on that basis. Though Mr. Lucas had a 25% contract with most of the school districts, he settled with everybody (School Districts, Drainage Districts, and County) on exactly the same basis of 15% of the money recovered for them, out of which he paid all of his expenses and also the law firm of Wammack & Welborn, which he had hired in the case.

In the road refund matter, the State Highway Department has owed Scott County ever since 1921, from one hundred thousand to two hundred thousand dollars for Routes 61, 60 and 55, which had been largely built by the County bond money, but was taken over by the Highway Department in 1921. The State Highway Department has promised to pay for about eight years, but, on being pressed for payment, said they did not intend to pay; that they did not know how much they owed, because the law was indefinite, and, if Scott County wanted their money, they would have to bring suit. Mr. Lucas was then employed by the County Court to assist the prosecuting attorney in trying to recover this money. The County Court agreed to pay Mr. Lucas a total of $2000 by January 1, 1931, to cover his expenses, and $8000 more out of the first $75,000 recovered and 10% of all above $75,000 that was recovered for the County.

The State Highway Department is buying and paying for the right-of-way for Routes 61 and 55, but charging same against the County's Refund account. We believe that the Highway Department has no legal right to do this, and Mr. Lucas is to assist in trying to get this money back. If we succeed he gets 20% of this, if we fail he gets nothing, and he is out his time and efforts. Every County in this section of the State has hired special counsel on similar terms to assist their prosecuting attorneys in these road matters.

The Republicans say that it was the duty of the prosecuting attorney to handle these matters without assistance. The County Bondsmen in the School Bond case, and the Highway Department in the refund matters are represented by several of the ablest lawyers in the State of Missouri, and to advocate the prosecuting attorney singlehandedly meeting such opposition and taking a chance of losing such large amounts of the people's money, certainly does not represent good business judgment, and our Courts have held that it was proper to employ special assistance in such cases.

We would further remind our Republican friends that Mr. Roger Bailey, as City Attorney of the City of Sikeston, (Republican candidate for Prosecuting Attorney) has the same obligation to represent his city that the Prosecuting Attorney has to represent the County, and Mr. Bailey has had legal assistance at the expense of the city in every case of any importance that the city has had during his term of office.

Judge Brady claims he did not vote for making this contract with Mr. Lucas. There were present in the Court room when this contract was made, besides Mr. Lucas and the members of the Court, R. L. Harrison, H. C. Watkins, Jr., and J. Sherwood Smith, and all say that Mr. Brady, not only voted for making this contract but expressed himself as highly pleased with it. His denial now is political bunk.

The Republicans say that some County Funds are short of money. We would remind them that all funds of all institutions and individuals are in bad shape in these days, largely as a result of a continued wave of Republican prosperity.

Before you buy your radio Consider the facts

The Radio, once a novelty that provided "thrills" in the form of static and improvised programs, has passed the experimental stage. It is NOW A MUSICAL INSTRUMENT and when buying yours you should REMEMBER THAT MORE THAN 90% OF THE TIME YOU WILL BE LISTENING TO MUSICAL PROGRAMS.

TONE, therefore, is all IMPORTANT. Tone is the test of all musical instruments, and the radio is a musical instrument.

We have specialized in radio for years; it is but natural that we should be importuned by all makers of radios to sell their sets.

Our salesmen are not selected haphazardly; they are men who have a trained sense of music; men who have an ear for tone; men who appreciate the necessity of true worth for your dollar.

Our service men are radio experts who understand our policy of guaranteeing satisfaction to all customers. Having both the ability and desire to install your radio satisfactorily and keep it so, they thereby build good will for us.

We would like to sell you a radio.
